A SOLE SOURCE CONTRACT**

CONTRACT NO.: DCRL-2012-R-0058

CAPTION: Psychiatric Residential Treatment Services

PROPOSED CONTRACTOR: Devereux Florida

PROGRAM AGENCY: Child and Family Services Agency

FINDINGS

1. AUTHORIZATION:

D.C. Official Code § 2-354.04 and 27 DCMR §§ 1304 and 1702.

2. MINIMUM NEED:

a) The District of Columbia, Child and Family Services Agency (CFSA or the Agency) has a minimum need to provide psychiatric residential treatment services for children under the care of CFSA and their families. The period of performance shall be from January 01, 2016 through December 31, 2016 for option year four to ensure uninterrupted service delivery to the youth currently receiving services at the facility. The Contractor shall provide these children and youth an opportunity to live in the community and learn and practice skills in preparation for successful adult independence, and that there is a need to continue to service the child under their care.

3. ESTIMATED REASONABLE PRICE: \$376,504.80 (DC Medicaid funded)

4. FACTORS WHICH JUSTIFY SOLE SOURCE PROCUREMENT:

The District of Columbia, Child and Family Services Agency is procuring residential treatment services. The services allowed provide psychiatric residential treatment services to children and youth between 6 and 18 years of age, and intensive psychiatric residential treatment services to children and youth that are between 13 to 18 years of age, that have a DSM-IV diagnosis as specified in an appropriate psychiatric evaluation recommending placement in a psychiatric residential treatment facility.

- a) The District has a continuing need for the services covered under this proposed contract.
- b) The District has a continuing need for the contractual capacity offered under this proposed contract.
- c) To move the youth serviced under this requirement would disrupt their clinical progress, create undue strain, and possibly cause the District to violate the guidelines of the *Adoption and Safe Families Act of 1997* and the *LaShawn A. v. Fenty* Modified Final Order and Implementation Plan.

- d) The Contractor offers services under the proposed contract that are difficult to procure in the District of Columbia.
- e) The Contractor has offered these services for a number of years and accordingly, has developed a level of expertise.
- f) The Contractor has met all Federal and District requirements in providing these services.
- g) The Contractor has the availability to offer these services immediately.
- h) The Contractor is the only source that can meet the minimum need of the District by providing continuing services to the children currently obtaining medical, nutritional and social services from the Contractor so as to not disrupt their clinical progress. Failure to do so would negatively impact the District's ability to deliver critical clinical residential treatment services.
