CONTRACTS AND PROCUREMENT ADMINISTRATION**

**DETERMINATION AND FINDINGS FOR
A SOLE SOURCE CONTRACT**

Contract: CFSA-11-C-0010
Caption: Mental Health Services
Contractor: Capital Region Children's Center
Amount: \$36,125.00

FINDINGS

1. AUTHORIZATION

D.C. Official Code § 2-354.04, 27 DCMR 1304 and 1702

2. MINIMUM NEED:

The Government of the District of Columbia, Child and Family Services Agency (CFSA) is seeking a contractor to continue to provide mental health services to CFSA youth and their families. The period of performance shall be from April 1, 2013 through September 30, 2013.

3. ESTIMATED REASONABLE COST

\$36,125.00

4. FACTS WHICH JUSTIFY SOLE SOURCE PROCUREMENT:

The Government of the District of Columbia Child and Family Services Agency (CFSA) has a minimum requirement to provide mental health services for a CFSA youth and their families. CFSA is in need of a Contractor with a track record in successfully providing said services.

A statement of work was submitted for the provision of mental health services. Contracts and Procurement compared the hourly rates of some of our current mental health service contractors and determined that the price being charged by CCRC is reasonable as their hourly rate for individual therapy is \$110.00 and \$135.00 per hour for family therapy and is within the average hourly range of \$125.00 as charged by some of CFSA's other mental health service providers. Additionally, this CCRC's hourly rates are the same as what was charged to Crime Victims Compensation.

CPA was informed that the services were being provided through Crime Victims Compensation and that the funds were depleted. Afterwards, they were provided through the Department of Mental Health. However, the assigned Judge was not satisfied that the clinical needs of the clients were being satisfied. Since the clients were originally being treated successfully with CCRC, they were returned to CCRC as the clients have severe mental and behavioral issues.

It is not feasible to complete a full solicitation for the services required. CPA did a price comparison of a sampling of its current mental health providers to determine price reasonableness. Due to the severe mental and behavioral issues facing the CFSA youth and their families, CCRC is the most advantageous choice for District.

Failure to execute this contract may seriously jeopardize the mental stability and welfare of the CFSA youth and their families in dire need of the services.
