4. **FACT WHICH JUSTIFY SOLE SOURCE PROCUREMENT**

The District of Columbia Child and Family Services Agency ("CFSA") intends to enter into an MOU with the District of Columbia's Department of Human Services ("DHS") for participation in the refugee minors program. CFSA and DHS have been working in partnership to create a viable system for wraparound services that will be able to meet the unique needs of children and families served by the refugee minors within the child welfare system and work collaboratively with DHS, and other providers to meet the needs of these youths.

Therefore, it is in the best interest of the District to procure, via sole source, the proposed services from Lutheran Social Services of the National Capital Area (LSS) since LSS currently providing these services. The Child and Family Services Agency proposes awarding a sole source contract to the above-referenced vendor while preparing the solicitation for competition.

Additionally, the Contractor referenced above is the only vendor who can meet the District's minimum need without disruption at this time. Second, this provider can ensure the unaccompanied refugee minor youths identified and referred by the United States Citizenship and Immigration Services (USCIS) to CFSA as well as those youths identified as unaccompanied by CFSA and approved placement by the Federal Office of Refugee Resettlement. Lutheran Social Services of the National Capital Area has a well known success rate in providing unaccompanied refugee minor services to youths to maintain themselves independently in the community. Finally, the provider has experience servicing the target population, which consists of children in the child welfare system.

Failure to do so would negatively impact the District's ability to deliver critical government services.
