

DETERMINATION AND FINDINGS

FOR

EXTENSION

AGENCY: District of Columbia
Department of Transportation (DDOT)

CONTRACT NO.: DCKA-2009-C-0062

CAPTION: Street Signs Contract

CONTRACTOR: Ideal Electrical Supply Corporation

FINDINGS

1. Authorization:

27 DCMR 1700 and 2005.6(b); PPRA of 2010 Section 404

2. Minimum Need:

The District of Columbia Office of Contracting and Procurement, on behalf of Department of Transportation (DDOT), Transportation Operations Administration (TOA) has a continuing need for the current Contractor to provide street signage.

3. Estimated Reasonable Cost:

\$50,000.00

4. Facts Which Justify Sole Source Procurement:

A. The current contract expires February 20, 2015. The District previously extended DCKA-2009-C-0062 to allow for a new five (5) year contract to be procured through a competitive process. An additional two month extension is needed to April 20, 2015. The provision of signage is integral in DDOT's mission of ensuring the orderly progression of pedestrian and vehicular traffic throughout the city, these services must continue without disruption.

B. There is no other Contractor that would be able to amass the inventory and deployment resources necessary to provide these services, immediately upon the

expiration of the current contract, without significant mobilization and increased cost to the District. The Contractor shall maintain the Option Year 4 pricing throughout the extension period.

- C. Having taken into account these factors, it is determined that extending the subject referenced contract, on a sole source basis, is in the best in the best interest of the District.

5. Certification of Contract Specialist:

I hereby certify that the above findings are correct and complete.
