

**DETERMINATION AND FINDINGS FOR
A SOLE SOURCE CONTRACT**

CONTRACT NO.: DCRL-2013-R-0101
CAPTION: Trauma Systems Therapy (TST) Coaching and Mentoring
PROPOSED CONTRACTOR: Abyssinia Washington
PROGRAM AGENCY: Child and Family Services Agency

FINDINGS

1. AUTHORIZATION:

D.C. Official Code §2-354.04, 27 DCMR 1304, 1700 and 1701.

2. MINIMUM NEED:

The Government of the District of Columbia, Child and Family Services Agency (CFSA), has an immediate need for the services of Abyssinia Washington to provide coaching and mentoring to social worker and management staff and to foster parents to support the implementation of the TST model after CFSA staff receive training.

3. ESTIMATED REASONABLE PRICE:

\$25,700.00

4. FACTORS WHICH JUSTIFY SOLE SOURCE PROCUREMENT:

- (a) CFSA was awarded a 5 year federal grant from the Department of Health and Human Services', Administration for Children and Families for a demonstration project called "Trauma-Informed Child Welfare Practice in the District of Columbia: System Transformation to Impact Outcomes for Children in Child Welfare". CFSA chose an evidence based model called TST, to implement as the social work practice model to meet the requirements of the grant through developing a trauma informed child welfare system. CFSA will receive training and consultation from KVC Health Systems, Inc., the only provider that successfully implemented a TST model with a child welfare population through partnering with the TST model developer Glen Saxe, MD, of New York's University Child Study Center. CFSA contracted with KVC, who will in partnership with Dr. Saxe's colleagues, to train CFSA internal staff and external stakeholders in the model.
- (b) Trauma informed practice is a highly specialized area of practice. Coaching and mentoring requires a person with extensive knowledge and experience of trauma practice with children and families involved in the child welfare system. Specifically, it is important that the contractor has knowledge and experience of CFSA in working with child welfare clients focused on trauma focused practice.

- (c) The proposed provider, Abyssinia Washington. Psy.D, is an expert in trauma practice in the field of child welfare and meets the requirements needed of knowledge and skill in the District of Columbia. Dr. Washington worked as the Clinical Services Director at Safe Shores, the D.C. Children's Advocacy Center, where she provided the continuum of trauma based clinical work with child victims of CFSA. CFSA requires the contractor's expertise in trauma practice to provide coaching and mentoring to social worker and management staff and to foster parents to support the implementation of the TST model after CFSA staff receives training.
- (d) A market survey was not performed, since the contract will utilize an existing local expert in trauma practice with children and families involved in the child welfare system with the knowledge and experience of CFSA.
