### C.3 DEFINITIONS

**C.3.1** Spatial Information- Important note on spatial information: (e.g., topological, geometric, or geographic information) using GIS software from ESRI, and most other data and documents using Microsoft Office 2003 for Windows.

### C.4 BACKGROUND

**C.4.1** The Central 14<sup>th</sup> Street corridor extends along 14<sup>th</sup> Street from Spring Road north to Madison Street. This transitional commercial corridor includes three distinct nodes of low-density storefront commercial uses (Spring Road to Shepherd Street, Allison to Decatur Streets, and Jefferson to Madison Streets). The commercial uses along the corridor can further be described as inline retail in single-use buildings with commercial storefronts. A majority of the retail in the southern portion of the study area is minority owned and primarily neighborhood serving retail. The central commercial node from Allison to Decatur includes the potentially historic 14<sup>th</sup> Street Bus Barn, a neighborhood landmark since the early nineteen hundreds. Typical businesses on the corridor include neighborhood serving uses, such as beauty/barber shops, convenience stores and food carry out establishments.

**C.4.2** Neighborhoods surrounding the corridor include 16<sup>th</sup> Street Heights, Crestwood, and portions of Petworth. While these neighborhoods are quite stable in terms of housing prices, they have experienced demographic changes in the past decade that have altered the types of retail amenities offered along the corridor. There is a growing desire by

residents to offer services that reflect the overall diversity of neighborhood. A significant potential exists to strengthen the small businesses along the corridor through façade improvements, technical assistance, and other measures to sustain a thriving business community that serves the surrounding neighborhood.

**C.4.3** Given the corridors close proximity to the booming Columbia Heights revitalization initiatives, the upper 14<sup>th</sup> corridor is in a promising position to leverage resources to create an economically balanced corridor. Adding to the corridors appeal, a concentration of public facilities and open space lie just north of the Spring Road-Shepherd Street commercial node. The open space attributes of Upshur Park should be protected and enhanced as necessary to further engage and welcome neighboring residents.

#### **C.4.4 Planning and Economic Development Context**

##### **C.4.4.1** District of Columbia Comprehensive Plan:

The District of Columbia's 2006 Comprehensive Plan provides the policy framework for the city's growth, development, and investment for the next twenty years. The Comprehensive Plan identifies priorities for areas throughout the District.

##### **C.4.4.2** Central 14 Street, NW Retail Action Strategy:

The Retail Action Strategy is the first ever citywide assessment of the District's retail potential. It will examine ways to strengthen the city's retail base at both the citywide and local scale, to promote vibrant commercial districts with a broad range of retail businesses in all neighborhoods, and to create expanded opportunities for small and local retailers. Central 14<sup>th</sup> Street is one of the submarkets for this strategy.

##### **C.4.4.3** Neighborhood Indicator Report:

The purpose of the Neighborhood Indicators Report is to identify and measure a set of social, economic, demographic and environmental indicators at the neighborhood level in order to determine the well being of a community. The Neighborhood Indicators Report seeks to aid DC's leaders and citizens in addressing challenges and meeting goals through tracking and measuring major economic and social indicators. Particular focus was given to comparing the change across the city on a neighborhood-by-neighborhood basis from 2000 to 2007. The report provides a baseline assessment of the current situation in the city and comparison of measures over recent years.

##### **C.4.4.4** Creative DC Action Agenda:

The Creative DC Action Agenda outlines a strategy to strengthen the District's creative economy. The Action Agenda examines ways to support creative employment and business opportunities, to promote revitalization and enlivening of underserved areas through arts and creative uses, and to better utilize and connect the District's creative economy assets and support systems (such as education and workforce development). The Action Agenda leverages planning and public investment efforts, such as neighborhood and revitalization initiatives.

**C.4.4.5 Actionomics[dc]:**

Actionomics is a citywide economic development initiative that builds on DC’s emerging strengths and targets key opportunities across the creative, green, technology, non-profit, education and technology sectors that will help transform the city. The initiative, led by the DC Office of Planning (OP) and Washington DC Economic Partnership (WDCEP), encourages the private, non-profit and public sectors to identify immediate projects and to leverage the right resources, assets and partnerships needed to move these projects forward and support business development, job creation and neighborhood revitalization. The initiative leverages three synergistic studies that have been recently completed by OP and WDCEP: the Creative DC Action Agenda, Retail Action Strategy, and Green Collar Jobs Demand Analysis.

**C.4.4.6 Healthy By Design:**

Healthy By Design is a citywide initiative aimed at developing a healthier, more livable, more walkable city. It is a framework for District government policies and programs that encourage active living and healthy eating by increasing access to healthy food, primary care facilities, walkable destinations and recreational opportunities.

**C.4.4.7 Green Collar Jobs**

The Green Collar Jobs Initiative is a cooperative effort among the District of Columbia government, for-profit entities, non-profit organizations, and academic institutions to help prepare District residents and businesses to take advantage of the growing green sector of the economy. With the passage of the Green Building Act of 2006 and several other upcoming public policy initiatives, the Demand Analysis Report identifies over 169,000 job opportunities between 2009 and 2018. Some neighborhoods may be appropriate for green collar job training locations or a focus on green/sustainable business activities.

**C.4.4.8 Project Purpose**

**C.4.4.8.1** The overall objective of the Central 14<sup>th</sup> Street Corridor Vision Plan and Revitalization Strategy is to develop a vision and strategy for the 14<sup>th</sup> Street Corridor that will enliven the retail corridor, create greener public spaces, redevelop key opportunity sites, and promote easier access to healthy foods and public transportation.

**C.4.4.8.2** Key issues and concerns affecting the project:

- a. Multiple ownership and leasing contracts may limit development opportunities determined in the study area;
- b. The feasibility of the 14<sup>th</sup> Street Bus Barn redevelopment is uncertain given previous efforts of WMATA to solicit a joint-development project on the site. Additionally, because this is the District’s only car barn currently operating as a transit facility, the site may potentially be landmarked as a Historic resource;
- c. Significant community concern to provide a greater diversity of neighborhood serving retails; and
- d. Community buy-in necessary to make this plan a success.

**C.4.4.8.3 Roles and Responsibilities**

- C.4.4.8.4** The client group for the project is the DC Office of Planning (“OP”). Other District agencies and community stakeholders, as appropriate will also be included as key advisors. The final documents will be made publicly available, and should be written for a variety of stakeholders – including business owners, public officials, developers, residents, and community groups, among others.
- C.4.4.8.5** OP has assembled an in-house team of planners to actively guide the planning process and the development of the plan. This scope of services includes key inputs in the Contractor tasks that will be provided by OP staff. The Contractor is expected to work collaboratively with OP on the development of all tasks and deliverables. OP will review and approve all deliverables.
- C.4.4.8.6** There will be a lead planner from OP who will serve as the Contracting Officer’s Technical Representative (COTR).
- C.4.4.8.7** OP seeks a Contractor that can provide expertise in planning, urban design, and economic analysis. The Contractor shall be expected to offer best practice knowledge from other studies that is has conducted. However, OP expects that the Contractor shall develop strategies and recommendations to meet the unique conditions of the Project Area. A well qualified Contractor should have demonstrable experience in working in and facilitating discussion in the diverse neighborhoods of the District of Columbia.
- C.4.4.8.8** The Contractor is expected to ensure that deliverables due at the end of each task are constructed in clear and concise narrative formats, PowerPoint presentations, and graphics, as appropriate. OP will provide feedback on draft deliverables at each milestone of project completion, and the Contractor is expected to ensure that OP feedback is incorporated to generate final deliverables completed at the end of each task.

**C.5 REQUIREMENTS**

**C.5.1 TASK 1: Corridor Assessment and Existing Conditions**

- C.5.1.1** The contractor shall; assess and catalogue current land-use patterns, current business mix, commercial vacancies, vacant property, and publicly owned property in the study area. The catalogue shall include representative photographs and location information that is geo-coded and mapped as part of the deliverable.
- C.5.1.2** The contractor shall; review the District’s existing and previous economic revitalization efforts within the project area including studies, economic analyses and current land use policies as reflected in the Comprehensive Plan. (as referenced in section C.1.1 and C.4.4.1).

- C.5.1.3 The contractor shall; review proposed, planned, and current development activity and investment, including any available economic studies undertaken for projects that are under construction or planned.
- C.5.1.4 The contractor shall; assess and catalogue the existing neighborhood and existing public realm conditions that impact corridor revitalization and specific redevelopment sites, including streetscape (sidewalk widths, bus shelters, streetlights, etc.), public open space including ownership/control, trees, and infrastructure. The catalogue shall include representative photographs and include location information that is geo-coded and mapped as part of the deliverable.
- C.5.1.5 The contractor shall; using the above data and field visits, complete a strengths, weaknesses, opportunities and threats (SWOT) assessment for the corridor. The SWOT analysis shall include the catalogue, photographs, and maps identified in C.3.1.1 and C.3.1.4.

## **C.5.2 TASK 2: Market Study**

- C.5.2.1 The contractor shall; review information from OP on previous neighborhood organization sponsored surveys, retail studies and reports that OP will provide to the contractor upon request. The analysis for this study shall utilize these studies wherever possible to eliminate duplication of research and ensure consistency with previous community efforts.
- C.5.2.2 The contractor shall; prepare a detailed market analysis that determines the overall amount of residential and commercial supply and demand for the corridor, to include convenience and shopper's retail, office use and other mixed-use development. Research and document demographics, comparable real estate sales, including locations, previous and new owner names, sale amounts, land areas and zoning at time of sale, recent and projected construction cost estimates. Create a market area that takes into consideration all ongoing and planned commercial development near the project area in both Wards 1 and 4. Projections shall be over a ten-year period. Market projections shall include proposed commercial and residential lease-up and absorption rates.

The retail portion of the market analysis shall, at a minimum, address the following:

- a. Existing and projected retail demand by store type
- b. Existing and projected retail supply by store type
- c. Supportable existing and future retail by square footage and store type
- d. Surplus and Leakage Analysis, both in terms of retail spending dollars and in terms of square footage by store type
- e. Gaps in retail type not currently offered in the project area
- f. Development targets by Store Type and Square Footage
- g. Square footage of vacant retail space
- h. Suitability of vacant retail space for different types of retail
- i. Potential build out or renovation challenges for vacant retail spaces

- j. Impact of the recently completed retail projects along 14<sup>th</sup> Street in Columbia Heights (DCUSA, etc) on the viability of the commercial corridor, especially targeting points north in Ward 4.

### **C.3.3 TASK 3: Niche Market Feasibility Analysis**

C.3.3.1 The contractor shall; based on Task 1, Task 2, and the key issues described in C.2.3.2 above, assess the feasibility of a potential niche market strategy such as arts retail, boutique retail, creative/cultural, small scale office, or another opportunity defining potential market strategies for each of the three focus nodes. The niches shall build on existing assets and take into consideration recent citywide economic studies for the creative economy and green collar jobs referenced in C.1.1. Feasibility analysis should provide information on the type of niche market strategy, market potential, development targets by store type and square footage, comparison to other niche markets in the District/region, potential absorption rates, potential rents, suitability of the niche for the types of available retail space, and discussion of potential impacts of the niche market on existing businesses on along the corridor. The analysis shall be multi-layered with a focus on the corridor as a whole, as well as three independent comprehensive analyses of each of the commercial nodes.

### **C.3.4 TASK 4: Redevelopment Opportunities**

C.3.4.1 The contractor shall; based on Task 1, Task 2 and in consultation with OP, identify one to two potential development sites in each focus node. Create a development program and implementation strategy (including pro forma analysis) for each of the identified potential development sites, based on existing zoning or proposed zoning modifications (including PUD development). Recommendations written in Task 4 shall encourage and guide revitalization in the study area in order to support the general revitalization goals and specific niche or market recommendations developed in Task 2 &3. Pro Forma analysis shall include development costs, supportable square footage/number of units, parking and various price points per unit.

C.3.4.2 The contractor shall; based on Task 1 and Task 2, provide physical revitalization recommendations for the entire corridor, focusing on each development node that address issues identified in the SWOT analysis, such as poor façade conditions, streetscape or public realm conditions. Recommendations and justification for each should be submitted in a memo.

### **C.3.5 TASK 5: Neighborhood Indicators**

C.3.5.1 The contractor shall; with input from OP, identify a set of data indicators that can be tracked over time to demonstrate progress towards accomplishing study area revitalization goals. Indicators selected shall be in addition to baseline demographic and economic data captured in tasks 1-4. Example of this type of indicator: percentage of households in walking distance of transit, grocery stores, or car sharing facilities.

C.3.5.2 The contractor shall; provide baseline data for the indicators selected in C.3.5.1. List of indicators and baseline data shall be submitted in a memo.

### **C.3.6 TASK 6: Potential Streetcar Alignment Economic Development Benefit Analysis**

C.3.6.1 The contractor shall; provide a memo that outlines the potential economic development and revitalization benefit should the proposed streetcar be realigned from Georgia Avenue to the 14<sup>th</sup> Street corridor. The memo shall capture the potential land value increases, impact on proposed market and niche market recommendations, and impact on redevelopment opportunity sites. Coordination with the streetcar planning process is required.

### **C.3.7 TASK 7: Public Engagement and Project Management**

C.3.7.1 The contractor shall; present tasks described above at three public meetings for stakeholder groups, including the Advisory Committee, the general public or other DC Government agencies. The meetings will be organized and led by OP. Meeting agendas and content will be developed collaboratively between OP and the Contractor.

C.3.7.2 The contractor shall; serve as an advisor to the Planning Team through the process in order to identify significant constraints regarding meeting key economic development objectives.

C.3.7.3 The contractor shall; create a visually-compelling presentation of findings that summarize the study components and report. The presentation shall be in Microsoft PowerPoint or other presentation program compatible with OP software (Windows). Materials shall be provided in digital format. Display boards or summary handouts will be requested by OP.

C.3.7.4 The Contractor shall provide management of any sub-contractors and shall ensure that work is completed in a timely manner and to the highest quality standards. The Contractor is expected to monitor the performance of its staff, review work for technical accuracy and completeness, and ensure that deliverables are completed on time and within budget. OP expects senior staff from the Contractor to review and approve of final deliverables prior to submission to the District. The Contractor shall also advise OP on Contractor process, timeline, and staffing issues. It is expected that the Contractor shall keep OP apprised of ongoing work via conference calls, emails, and written reports.

### **C.3.8 TASK 8: Final Report**

C.3.8.1 The contractor shall, based on input from OP; refine, update, and synthesize deliverables in Tasks 1-7 above and produce a final report document. The draft report document shall include an executive summary and capture information from all the above tasks, including demographic information, market analysis, and niche market feasibility analysis, potential development programs for identified sites and pro formas, and recommendations for attracting high-quality retail or office tenants to those

## **SECTION L: INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS**

### **L.1 CONTRACT AWARD**

#### **L.1.1 Most Advantageous to the District**

The District intends to award a single contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the District, cost or price, technical and other factors, specified elsewhere in this solicitation considered.

#### **L.1.2 Initial Offers**

The District may award a contract on the basis of initial offers received, without discussion. Therefore, each initial offer should contain the offeror's best terms from a standpoint of cost or price, technical and other factors.

### **L.2 PROPOSAL FORM, ORGANIZATION AND CONTENT**

One original and 4 copies of the written proposals shall be submitted in two parts, titled "Technical Proposal" and "Price Proposal". Proposals shall be typewritten in 12 point font size on 8.5" by 11" bond paper. Telephonic, telegraphic, and facsimile proposals will not be accepted. Each proposal shall be submitted in a sealed envelope conspicuously marked: "Proposal in Response to Solicitation No. *[insert solicitation number, title and name of offeror]*".

Offerors are directed to the specific proposal evaluation criteria found in Section M of this solicitation, Evaluation Factors. The offeror shall respond to each factor in a way that will allow the District to evaluate the offeror's response. The offeror shall submit information in a clear, concise, factual and logical manner providing a comprehensive description of program supplies and services and delivery thereof. The information requested below for the technical proposal shall facilitate evaluation for all proposals. The technical proposal must contain sufficient detail to provide a clear and concise response fully reflecting the manner in which the offeror proposes to fully meet the requirements in Section C.

### **L.3 PROPOSAL SUBMISSION DATE AND TIME, AND LATE SUBMISSIONS, LATE MODIFICATIONS, WITHDRAWAL OR MODIFICATION OF PROPOSALS AND LATE PROPOSALS**

#### **L.3.1 Proposal Submission**

Proposals must be submitted no later than **2:00 PM on June 10, 2010 as specified in Section A.9.**) Proposals, modifications to proposals, or requests for withdrawals that are received in the designated District office after the exact local time specified above, are

"late" and shall be considered only if they are received before the award is made and one (1) or more of the following circumstances apply:

- (a) The proposal or modification was sent by registered or certified mail not later than the fifth (5th) day before the date specified for receipt of offers;
- (b) The proposal or modification was sent by mail and it is determined by the CO that the late receipt at the location specified in the solicitation was caused by mishandling by the District, or
- (c) The proposal is the only proposal received.

### **L.3.2 Withdrawal or Modification of Proposals**

An offeror may modify or withdraw its proposal upon written, telegraphic notice, or facsimile transmission if received at the location designated in the solicitation for submission of proposals, but not later than the closing date and time for receipt of proposals.

### **L.3.3 Postmarks**

The only acceptable evidence to establish the date of a late proposal, late modification or late withdrawal sent either by registered or certified mail shall be a U.S. or Canadian Postal Service postmark on the wrapper or on the original receipt from the U.S. or Canadian Postal Service. If neither postmark shows a legible date, the proposal, modification or request for withdrawal shall be deemed to have been mailed late. When the postmark shows the date but not the hour, the time is presumed to be the last minute of the date shown. If no date is shown on the postmark, the proposal shall be considered late unless the offeror can furnish evidence from the postal authorities of timely mailing.

### **L.3.4 Late Modifications**

A late modification of a successful proposal, which makes its terms more favorable to the District, shall be considered at any time it is received and may be accepted.

### **L.3.5 Late Proposals**

A late proposal, late modification or late request for withdrawal of a proposal that is not considered shall be held unopened, unless opened for identification, until after award and then retained with unsuccessful proposals resulting from this solicitation.

The prospective offeror shall submit questions no later than **10** days prior to the closing date and time indicated for this solicitation. The District will not consider any questions

received less than **10** days before the date set for submission of proposals. The District will furnish responses promptly to all prospective offerors. An amendment to the solicitation will be issued if the CO decides that information is necessary in submitting offers, or if the lack of it would be prejudicial to any prospective offeror. Oral explanations or instructions given by District officials before the award of the contract will not be binding.

## **L.5 FAILURE TO SUBMIT OFFERS**

Recipients of this solicitation not responding with an offer should not return this solicitation. Instead, they should advise the CO, James Marshall, 441 4<sup>th</sup> St., NW, Suite 700 S, Washington DC 20001, 202-724-4197, by letter or postcard whether they want to receive future solicitations for similar requirements. It is also requested that such recipients advise the CO of the reason for not submitting a proposal in response to this solicitation. If a recipient does not submit an offer and does not notify the CO that future solicitations are desired, the recipient's name may be removed from the applicable mailing list.

**"This proposal includes data that shall not be disclosed outside the District and shall not be duplicated, used or disclosed in whole or in part for any purpose except for use in the procurement process.**

**If, however, a contract is awarded to this offeror as a result of or in connection with the submission of this data, the District will have the right to duplicate, use, or disclose the data to the extent consistent with the District's needs in the procurement process. This restriction does not limit the District's rights to use, without restriction, information contained in this proposal if it is obtained from another source. The data subject to this restriction are contained in sheets (insert page numbers or other identification of sheets)."**

**L.6.2** Mark each sheet of data it wishes to restrict with the following legend:

**"Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal."**

## **L.7 PROPOSALS WITH OPTION YEARS**

The offeror shall include option year prices in its price/cost proposal. An offer may be determined to be unacceptable if it fails to include pricing for the option year(s).

## **L.8 PROPOSAL PROTESTS**

Any actual or prospective offeror or contractor who is aggrieved in connection with the solicitation or award of a contract, must file with the D.C. Contract Appeals Board

(Board) a protest no later than ten (10) business days after the basis of protest is known or should have been known, whichever is earlier. A protest based on alleged improprieties in a solicitation which are apparent at the time set for receipt of initial proposals shall be filed with the Board prior to the time set for receipt of initial proposals. In procurements in which proposals are requested, alleged improprieties which do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested no later than the next closing time for receipt of proposals following the incorporation. The protest shall be filed in writing, with the Contract Appeals Board, 717 14th Street, N.W., Suite 430, Washington, D.C. 20004. The aggrieved person shall also mail a copy of the protest to the Contracting Officer for the solicitation.

The offeror shall sign the offer and print or type its name on the Solicitation, Offer and Award form of this solicitation. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the Contracting Officer.

#### **L.10 UNNECESSARILY ELABORATE PROPOSALS**

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the offeror's lack of cost consciousness. Elaborate artwork, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor desired.

#### **L.11 RETENTION OF PROPOSALS**

All proposal documents will be the property of the District and retained by the District, and therefore will not be returned to the offerors.

#### **L.12 PROPOSAL COSTS**

The District is not liable for any costs incurred by the offerors in submitting proposals in response to this solicitation.

#### **L.13 ELECTRONIC COPY OF PROPOSALS FOR FREEDOM OF INFORMATION ACT REQUESTS**

In addition to other proposal submission requirements, the offeror must submit an electronic copy of its proposal, redacted in accordance with any applicable exemptions from disclosure in D.C. Official Code §2-534, in order for the District to comply with §2-536(b) that requires the District to make available electronically copies of records that must be made public. The District's policy is to release documents relating to District proposals following award of the contract, subject to applicable FOIA exemption under §2-534(a)(1).

#### **L.14 CERTIFICATES OF INSURANCE**

Prior to commencing work, the Contractor shall have its insurance broker or insurance company submit certificates of insurance giving evidence of the required coverages as specified in Section I.8 to:

[James.marshall@dc.gov](mailto:James.marshall@dc.gov)

#### **L.15 ACKNOWLEDGMENT OF AMENDMENTS**

The offeror shall acknowledge receipt of any amendment to this solicitation (a) by signing and returning the amendment; (b) by identifying the amendment number and date in the space provided for this purpose in Section A, Solicitation, Offer and Award form; or (c) by letter, telegram or e-mail from an authorized negotiator. The District must receive the acknowledgment by the date and time specified for receipt of proposals. An offeror's failure to acknowledge an amendment may result in rejection of its offer.

#### **L.16 BEST AND FINAL OFFERS**

If, subsequent to receiving original proposals, negotiations are conducted, all offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. Best and final offers will be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provisions of the solicitation. After receipt of best and final offers, no discussions will be reopened unless the CO determines that it is clearly in the District's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify contractor selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all offerors still within the competitive range.

#### **L.17 LEGAL STATUS OF OFFEROR**

Each proposal must provide the following information:

This mandate also requires the offeror to provide a copy of the executed "Clean Hands Certification" that is referenced in D.C. Official Code §47-2862, if the offeror is required by law to make such certification. If the offeror is a corporation or partnership and does not provide a copy of its license, registration or certification to

transact business in the District of Columbia, the offer shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and

**L.17.3** If the offeror is a partnership or joint venture, the names and addresses of the general partners or individual members of the joint venture, and copies of any joint venture or teaming agreements.

**L.18 FAMILIARIZATION WITH CONDITIONS**

Offerors shall thoroughly familiarize themselves with the terms and conditions of this solicitation, acquainting themselves with all available information regarding difficulties which may be encountered, and the conditions under which the work is to be accomplished. Contractors will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

**L.19 GENERAL STANDARDS OF RESPONSIBILITY**

The prospective contractor must demonstrate to the satisfaction of the District its capability in all respects to perform fully the contract requirements; therefore, the prospective contractor must submit the documentation listed below, within five (5) days of the request by the District.

If the available information is insufficient to make a determination of responsibility, the CO shall determine the prospective contractor to be nonresponsible.

**SECTION M - EVALUATION FACTORS**

**M.1 EVALUATION FOR AWARD**

The contract will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

**M.2 TECHNICAL RATING**

**M.2.1** The Technical Rating Scale is as follows:

<b><u>Numeric Rating</u></b>	<b><u>Adjective</u></b>	<b><u>Description</u></b>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

**M.2.2** The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the offeror’s score for each factor. The offeror’s total technical score will be determined by adding the offeror’s score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the offeror’s response as “Good,” then the score for that evaluation factor is 4/5 of 40 or 32.

If subfactors are applied, the offeror’s total technical score will be determined by adding the offeror’s score for each subfactor. For example, if an evaluation factor has a

point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good" for the first subfactor and "Poor" for the second subfactor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.

### **M.3 EVALUATION CRITERIA**

#### **A. Factor: Technical Approach**

Description: This factor considers the Technical Approach the offeror will use to perform the requirements as described in Section C of this solicitation. This factor examines the offeror's proposed technical plan, including the offeror's description of service delivery. This factor examines all elements of the technical approach and the interdependency of each element in the successful delivery of the required services.

##### **1. Technical Approach and Methodology**

- a. Project Understanding: Narrative description of an Offeror's understanding of the objectives of the tasks, the District's requirements, and how the tasks relate to the objectives of the project.
