G.23.5 In case of differences between the schedules and small or large scale drawings, the schedules shall govern.

G.23.6 In cases of differences between the specifications and standards, and in cases of differences between drawings and the specifications, the specifications shall govern.

G.30 This Section is Intentionally Left Blank:

G.31 This Section is Intentionally Left Blank:

G.32 ADD TO ARTICLE 3, CHANGES, OF THE STANDARD CONTRACT PROVISIONS, GENERAL PROVISIONS SECTION, THE FOLLOWING SECTION E, EQUITABLE ADJUSTMENTS:

G.32.1 The purpose of this section is to define a standard procedure for determining reasonable costs and times for purpose of making equitable adjustments under Article 3, CHANGES, of the Standard Contract Provisions, General Provisions section.

G.32.2 Unless provided in the contract, the following procedure shall be used:

G.32.2.1 Where the nature of the change is known sufficiently in advance of construction to permit negotiation, the parties shall attempt to agree on a fully justifiable price adjustment or adjustment of time for completion.

G.32.2.2 If the parties fail to agree upon an equitable adjustment prior to the time the proposed change affects the contract work, or if the CO determines it is not feasible to reach an agreement regarding an equitable adjustment, either due to lack of time or other reasons, the CO will order the change in accordance with Article 3 of the General Provisions and the Contractor shall proceed with the execution of the work so changed.

G.32.3 Equitable adjustments shall be determined in the following manner, unless stated in the contract.

G.32.3.1 Whenever a change is proposed or directed, the Contractor shall submit a proposal or breakdown within thirty (30) days of its receipt of the change, and the proposal will be acted upon promptly by the CO.

G.32.3.2 Price Adjustments

G.32.3.2.1 If agreement on costs cannot be reached prior to execution of changed work, payment will be made for the actual costs provided records of such costs are made available and that such costs are reasonable and predicated on construction procedures normally utilized for the work in question. If not, then payment shall be based on standard trade estimating practice.

G.32.3.2.2 Where basis of equitable adjustments is the actual cost incurred in performing changed work, the Contractor shall furnish the District with a complete breakdown of costs, covering the subcontractor work, as well as his own, individually itemizing the following:

- i. Material quantities and unit prices
- ii. Labor hours and basic hourly rate for each labor classification
- iii. Fringe benefits rate for each classification
- iv. Construction equipment
- v. Overhead

- vi. Profit
- vii. Commission
- viii. FICA, FUTA and DUTA (applied in basic hourly wage costs).

G.32.3.2.3 The Contractor shall furnish substantiation of fringe benefits, workmen compensation, FICA, DUTA, FUTA and State unemployment taxes at the request of the District.

G.32.3.2.4 The percentage for overhead, profit and commission to be allowed shall in no case exceed the following and shall be considered to include, but not limited to, insurance, other than mentioned herein, field and office supervisor and assistants above the level of foreman, incidental job burdens and general office expense, including field and home office. No percentage for overhead and profit will be allowed on FICA (Social Security), FUTA (Federal Unemployment and DUTA (District Unemployment) taxes:

	Overhead	Profit	Commission
1. To Contractor on work performed by other than his/her own forces.	-	-	10% of value of work performed
2. To Contractor and/or Subcontractor for that portion of work performed by their respective forces.	10%	10%	-
3. From Contractor on deleted work to have been performed by other than his/her own forces.	-	-	5% of value of deleted work
4. From Contractor or Subcontractor on deleted work to have been performed by his/her own forces.	-	-	5% of value of deleted work

G.32.3.2.5 When a change consists of both added work and deleted work, the applicable percentage shall be applied to the net cost or credit.

G.32.3.2.6 Where more than one tier of subcontractors exists, they shall be treated as one subcontractor for purposes of markups. That is, only one overhead and one profit percentage for the subcontractors and one commission percentage for the prime Contractor shall be applied to actual cost of work performed regardless of the number of tiers of subcontractors.

G.32.3.3 Changes in the period of performance: Where a change affects the time required for the performance of the contract, the Contractor shall describe in

detail “cause and effect relationship” and how such change affects the specific contract work activities, current critical path, overall performance or work, concurrency with other delays, and the final net impact on the contract milestone(s), specifically stating the proposed decrease or increase in the period of contract performance in calendar days.

G.32.3.4 The changes in the contract period of performance, if any, resulting from change order work will be calculated in the following manner:

G.32.3.4.1 New durations for work activities effected by the change order will be incorporated into the next computer printout. Time extensions will be directly based on the extent to which the contract completion date is hereby extended.

G.32.3.4.2 Should new work activities be required to supplement existing activities, they will be incorporated into the computer printout to verify total effect, if any, on the contract completion date.

G.32.3.4.3 Every attempt will be made to reach an agreement between the Contractor and the COTR on the number of days by which activity duration will be extended. Should an agreement not be reached within fifteen (15) days after Contractor receives the directive, the COTR will assign a reasonable duration to be used in determination of job progress.

G.32.4 If performance of the work is delayed by any of the causes specified in Article 5 of the General Provisions, TERMINATION-DELAYS, of Standard Contract Provisions for Construction Projects, January 2007, a contract time extension may be justified.

G.32.4.1 The Contractor, when requesting an extension to the contract period of performance, must submit the same in writing with supporting facts and backup documentation plus a detailed explanation that must include, but be not limited to, the following:

G.32.4.1.1 Reasons/cause and responsibility of each delay

G.32.4.1.2 Inclusive dates of each delay

G.32.4.1.3 Specific trades affected

G.32.4.1.4 Portion (s) of each work contract activity affected and the duration thereof

G.32.4.1.5 Status of work activity affected before delay commenced

G.32.4.1.6 Concurrency of any other delays, including Contractor’s own

G.32.4.1.7 Net effect of each delay under this request, on the overall contract completion

G.32.4.1.8 In the case of late delivery of materials and/or equipment, back up data, correspondence and documentation should include but not be limited to the following: establishment that prior to ordering there was a reasonable assurance of timely supply; copies of each purchase order establishing the dates of procurement, invoices, delivery receipts and the like showing shipping or delivery dates; and copy of correspondence showing diligent attempts to follow ups to obtain materials when critically needed from other sources.

G.32.4.2 All documentation should demonstrate that any delay was unforeseeable and without the fault or negligence of the Contractor, subcontractor or supplier involved. The Contractor will be entitled only to the additional number of days the project is delayed which is not concurrent with another delay for which a time extension has been granted or for which a valid request has been submitted.

G.32.4.3 In case of delays due to strikes, documentation shall include evidence of when and what trades struck, with reasons for the strike, prompt submittal of notice when the strike was ended and the date thereof, analysis of the effect of the strike on the completion of the contract work.

G.32.4.4 In case of delays due to unusually severe weather, documentation shall include daily temperature and precipitation records for each period of delay involved and explanation of delaying effect, including number of days that the construction activities on the current critical path at the time were actually delayed, including any extended impact, beyond the normal anticipated days of delay due to the weather conditions.

G.32.5 **COST AND PRICING DATA** (applicable to a Change Order or Modification) :

G.32.5.1 Unless otherwise provided in the solicitation, the Contractor shall, before negotiating any price adjustments pursuant to a change order or modification, submit cost or pricing data and certification that, to the best of the Contractor's knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of the date of negotiation of the change order or modification.

G.32.5.2 If any price, including profit or fee, negotiated in connection with any change order or contract modification, was increased by any significant amount because (1) the Contractor or a subcontractor furnished cost or pricing data that were not complete, accurate, and current as certified by the Contractor, (2) a subcontractor or prospective subcontractor furnished the Contractor cost or pricing data that were not complete, accurate, and current as certified by the Contractor, or (3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction.

G.32.5.3 Cost or pricing data includes all facts as of the time of price agreement that prudent buyers and sellers would reasonably expect to affect price negotiations

significantly. Cost or pricing data are factual, not judgmental, and are therefore verifiable. While they do not indicate the accuracy of the prospective Contractor's judgment about estimated future costs or projections, cost or pricing data do include the data forming the basis for that judgment. Cost or pricing data are more than historical accounting data; they are all the facts that can be reasonably expected to contribute to the soundness of estimates of future costs and to the validity of determinations of costs already incurred.

- G.32.5.4** The following specific information should be included as cost or pricing data, as applicable:
- G.32.5.4.1** Vendor quotations;
 - G.32.5.4.2** Nonrecurring costs;
 - G.32.5.4.3** Information on changes in production methods or purchasing volume;
 - G.32.5.4.4** Data supporting projections of business prospects and objectives and related operations costs;

 - G.32.5.4.7** Estimated resources to attain business goals;
 - G.32.5.4.8** Information on management decisions that could have a significant bearing on costs.
- G.32.5.5** If the Contractor is required to submit cost or pricing data in connection with pricing any change order or modification of this contract, the CO or representatives of the CO shall have the right to examine all books, records, documents and other data of the Contractor (including computations and projections) related to negotiating, pricing, or performing the change order or modification, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data. The right of examination shall extend to all documents necessary to permit adequate evaluation of the cost or pricing data submitted, along with the computations and projections used. Contractor shall make available at its office at all reasonable times the materials described above for examination, audit, or reproduction until three years after the later of:
- G.32.5.5.1** final payment under the contract;
 - G.32.5.5.2** final termination settlement; or
 - G.32.5.5.3** the final disposition of any appeals under the disputes clause or of litigation or the settlement of claims arising under or relating to the contract.

G.33 SCAFFOLDING:

- G.33.1** The Contractor shall erect adequate scaffolds as required to perform the work in accordance with the Safety Code of the DC Minimum Wage and Industrial Safety Board and so that the work may be inspected by COTR.
- G.33.2** The Contractor shall not erect scaffolds until required to be ready for use.
- G.33.3** The COTR will inspect the work upon the Contractor's advising of completion of contract requirements, and the Contractor shall promptly remove the scaffolding upon acceptance of the work.
- G.33.4** Wherever possible, the Contractor shall use swinging scaffolds for exterior work under this contract.
- G.33.5** Where swinging scaffolds are not practicable, the Contractor will be permitted to use other types of scaffolds provided:

- G.34.1** During the contract term, District personnel will maintain any existing equipment that remains temporarily operational.
- G.34.2** The Contractor shall coordinate with the COTR the time for removal of equipment in order to permit the District to salvage components for use on equipment remaining in use.

G.35 [NOT USED]:

G.36 AS-BUILT DRAWINGS:

- G.36.1** General: The Contractor shall, within thirty (30) days of completion of all work under this contract, prepare and furnish to the COTR, as specified herein, as-built drawings. The as-built drawings shall be a record of the construction as installed and completed by the Contractor. They shall include all the information shown on the contract set of drawings, and all deviations, modifications, or changes from those drawings, however minor, which were incorporated in the work, including all additional work not appearing on the contract drawings, and all changes which are made after any final inspection of the contract work. In the event the Contractor accomplished additional work which changes the as-built conditions of the facility after submission of the final as-built drawings, the Contractor shall furnish revised or additional drawings as required to depict final as-built conditions. The requirements for these additional drawings will be the same as for the as-built drawings specified in this paragraph.

Claim, as used in this clause, means a written assertion by the Contractor seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

I.8.2.1 All claims by a Contractor against the District arising under or relating to a contract shall be in writing and shall be submitted to the CO for a decision. The Contractor's claim shall contain at least the following:

I.8.2.1.1 A description of the claim and the amount in dispute;

- I.8.2.4** For any claim over \$50,000.00, the CO shall issue a decision within ninety (90) calendar days of receipt of the claim. Whenever possible, the CO shall take into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Contractor.
- I.8.2.5** The CO's written decision shall do the following:
 - I.8.2.5.1** Provide a description of the claim or dispute;

 - I.8.2.5.5** If all or any part of the claim is determined to be valid, determine the amount of monetary settlement, the contract adjustment to be made, or other relief to be granted;
 - I.8.2.5.6** Indicate that the written document is the CO's final decision; and
 - I.8.2.5.7** Inform the Contractor of the right to seek further redress by appealing the decision to the Contract Appeals Board.
- I.8.2.6** Any failure by the CO to issue a decision on a contract claim within the required time period will be deemed to be a denial of the claim, and will authorize the commencement of an appeal to the Contract Appeals Board as authorized by D.C. Official Code § 2-309.04.
 - I.8.2.6.1** If a Contractor is unable to support any part of his or her claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the District for an amount equal to the unsupported part of the claim in addition to all costs to the District attributable to the cost of reviewing that part of the Contractor's claim.
 - I.8.2.6.2** Liability under Paragraph I.8.2.6.1 shall be determined within six (6) years of the commission of the misrepresentation of fact or fraud.
- I.8.2.7** The decision of the CO shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor as authorized by D. C. Official Code § 2-309.04.

I.8.2.8 Pending final decision of an appeal, action, or final settlement, a Contractor shall proceed diligently with performance of the contract in accordance with the decision of the CO.

I.8.3 Claims by the District against a Contractor

I.8.3.1 Claim as used in Paragraph I.8.3 of this clause, means a written demand or written assertion by the District seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

I.8.3.2 The CO shall decide all claims by the District against a Contractor arising under or relating to a contract.

I.8.3.2.1 The CO shall send written notice of the claim to the Contractor. The CO's written decision shall do the following:

I.8.3.2.1.6 Indicate that the written document is the CO's final decision; and

I.8.3.2.1.7 Inform the Contractor of the right to seek further redress by appealing the decision to the Contract Appeals Board.

I.8.3.3 The decision shall be supported by reasons and shall inform the Contractor of his or her rights as provided herein.

I.8.3.4 The authority contained in this clause shall not apply to a claim or dispute for penalties or forfeitures prescribed by statute or regulation which another District agency is specifically authorized to administer, settle, or determine.

I.8.3.5 This clause shall not authorize the CO to settle, compromise, pay, or otherwise adjust any claim involving fraud.

I.8.4 The decision of the CO shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the District as authorized by D.C. Official Code §2-309.04.

I.8.5 Pending final decision of an appeal, action, or final settlement, the Contractor shall proceed diligently with performance of the contract in accordance with the decision of the CO.

I.13.1 At any time or times before final payment and three (3) years thereafter, the CO may have the Contractor's invoices or vouchers and statements of cost audited. Any payment may be reduced by amounts found by the CO not to constitute allowable costs as adjusted for prior overpayment or underpayment. In the event that all payments have been made to the Contractor by the District Government and an overpayment is found, the Contractor shall reimburse the District for said overpayment within thirty (30) days after written notification.
