FAP NO.: ARA-1108(027)

RESPONSES TO REQUESTS FOR INFORMATION (RFIs):

CHERRY HILL CONSTRUCTION

1. As a follow up question from Corman construction on the rail road allowance for flagging, your response was to " add a bid item for \$3,000,000 dollars." Are we to modify the current proposal form? What item number should we use? Where is it supposed to appear in the proposal? **RESPONSE: See Schedule of Items, pages 1RRR-11RRR**
2. The \$3,000,000 dollar add for flagging is a sole source item of which the contractor has no control over in terms of the minority participation. This item should be deducted from the minority requirement. **RESPONSE: The \$3,000,000 is actually a "pass through" to AMTRAK to pay them for flagging and the bidder has no discretion over their use of AMTRAK forces. This amount should not be included in the amount that the DBE goal is calculated on.**
3. We identified areas of electrical work that need to be added to the contract. These are the 12 each streetlights. What light standard is to be used? Will this item of work have a pay item in the proposal? **RESPONSE: The work associated with the pedestrian detour is incidental to the Maintenance of Traffic Item. The streetlights shall be temporary, using DDOT's Standard light fixtures as approved by the engineer**
4. The rail road agreements are not in place, what if any specific requirements will they contain as it relates to the construction on this property. ? How are we to account for these requirements as it pertains directly to the construction process ? If the status of the railroad agreements is unknown and the notice to proceed is given, how will the time be accounted for? Will the contractor be paid for overhead while these agreements are finalized? **RESPONSE: We have an agreement with railroads, their requirements are part of project specification. Contractor will be allowed addition time due to utility and railroads delay without additional compensation.**
5. Please clarify what work may proceed during the catenary relocation. Will this work be counted towards the allowable contract time? **RESPONSE: The contract time will start at NTP.**
6. We have asked for a delay for interference for the installation of the mini piles. Could you please address this issue.? **RESPONSE: There will be no delay.**
7. According to the project cover this project is a recipient of the "American Recovery and Reinvestment Act" .Therefore we assume that we may use any Federally certified DBE regardless of the certifying body. **RESPONSE: You may use DBE firms certified by DDOT or WMATA. Should you need a listing, please contact Edwin Gonzalez of DDOT's Office of Civil Rights at (202) 671-2253 or by email at Francisco.gonzalez@dc.gov .**

FLIPPO CONSTRUCTION CORPORATION

Question 1 – The structural steel is specified on sheet 4, General Notes, note 16 and confirmed by amendment #4 to be M207 Grade 50W. This is a weathering steel. Is there limits to the painting of the structural steel? **RESPONSE: all exposed structural steel shall all be painted.**

Question 2 – Sheet 4 General Notes, note 20 states "All exposed structural steel shall be painted in accordance with the special provision for painting, which supersedes in its entirety section 707 of the standard specifications.". When will this special provision be issued? **RESPONSE: That note was created prior to the issuance of the latest edition of the Standard Specifications and no longer applies. All exposed structural steel shall be painted in accordance with the Standard Specifications.**

FORT MYER CONSTRUCTION CORPORATION

1. For Item 410, Quadguard – NCHRP there is 12 in the schedule of items. However, from the plans, it appears that there are not this many in the contract. Please confirm that there 12 attenuators. **RESPONSE: The number on the schedule is good.**
2. Per Addendum #4, there was lump sum flagging item to be added to the contract. There was not additional item added to the bid schedule to include this change. Please review and clarify. **RESPONSE: SEE the new schedule of items, page 1RRR, Line Item 0020.**
3. There is not pay item for the catenary added to the schedule of items. Will this item be added as a future change order or provided by DDOT at this time? **RESPONSE: See the new schedule of items, page 1RRR, Line Item 0040.**
4. Sheet 4 Note 20 fo the general notes states: "All exposed structural steel shall be painted in accordance with the special provision for painting, which supersedes in its supersedes in its entirety section 707 of the standard specifications." However there is no reference to painting in the special provision. Please advise. **RESPONSE: That note was created prior to the issuance of the latest edition of the Standard Specifications and no longer applies. All exposed structural steel shall be painted in accordance with the Standard Specifications.**
5. There is no detail regarding the finish for the historic bridge. Please advise. **RESPONSE: No special detail finish outside the plan and specification is required**

JOSEPH B. FAY COMPANY

With regard to the above-mentioned project, your response to Question #16 from Cherry Hill Construction in Addendum #4 states that a track level site visit can be arranged. How and when can this be done? **RESPONSE: Only people that have Amtrak Safety training will be allowed into Amtrak property. We can ask Amtrak for escort and site visit, but it takes time.**

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter

* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

**PARTICIPATION BY DISADVANTAGED BUSINESS ENTERPRISE AND
NON-DISADVANTAGED BUSINESS ENTERPRISE FIRMS**

Policy: It is the policy of the Department of Transportation (DOT) that Disadvantaged Business Enterprises (DBE's) as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the DBE requirements of 49 CFR Part 26 applies to this agreement.

DBE Obligation: The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and Administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in result in the termination of this contract or such other remedy, as the recipient deems appropriate.

Definitions - The following definitions apply to this contract:

- A. "Disadvantaged business" means a small business concern, (a) which is at least fifty-one percent (51%) owned by one or more socially and economically disadvantaged individuals or in the case of any publicly owned business, at least fifty-one percent (51%) of the stock of which is owned by one or more socially and economically disadvantaged individuals; and (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.
- B. "Small business concern" means a small business as defined pursuant to Section (3) of the Small Business Act, as amended, including all applicable and relevant rules and regulations promulgated pursuant thereto.
- C. "Socially and economically disadvantaged individuals" means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are:
 - (1) "Black Americans", which includes persons having origins in any of the Black racial groups of Africa;
 - (2) "Hispanic Americans", which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 - (3) "Native Americans", which includes persons who are American Indian, Eskimos, Aleuts, or Native Hawaiians;
 - (4) "Asian-Pacific Americans", which includes persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, Burma, Thailand, the Philippines, Samoa, Guam, the U.S. Trust Territories of the Pacific, and the Northern Marianas;
 - (5) "Asian-Indian Americans", which includes persons, whose origins are from India, Pakistan, and Bangladesh;
 - (6) Women (of all races); and

- (7) "Any other minorities or individuals found to be economically and socially disadvantaged by the Small Business Administration under Section 8(a) and 8(d) of the Small Business Act, as amended, (15 U.S.C. 637(a)).

The Contracting Officer shall make a rebuttable prerogative that individuals in the above groups are socially and economically disadvantaged. This prerogative shall be based on criteria set forth in 49 CFR Part 26. The Contracting Officer also may determine, on a case-by-case basis, that individuals who are not members of one of the above groups are socially and economically disadvantaged.

Prompt Payment: The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract within 7 days from the receipt of each payment the prime contractor receives from DDOT. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the recipient. This clause applies to both DBE and non-DBE subcontractor.

Contract Goals:

The bidder shall subcontract **fourteen percent (14%)** of the dollar value of the total amount of this DOT-assisted contract to qualified DBE subcontractors. A complete DBE plan containing a list of DBE firms to be utilized on this project must be submitted within five (5) working days subsequent to bid opening to DDOT, Construction Contract Branch; 2000 14th Street, N.W., 6th floor Washington, D.C. 20009.

The DBE plan shall include, but it is not limited to:

1. The names, addresses of DBE firms that will participate in the contract;
2. A description of work that each DBE will perform;
3. The dollar amount of the participation of each DBE firm;
4. Written and signed document of commitment to use the DBE subcontractor whose participation it submits to meet a contract goal;
5. Written and signed confirmation from the DBE that it is participating in the contract as provided in the prime contractor's commitment.
6. If the bidder fails to meet the contract goal, evidence of good faith efforts, as described below shall be submitted.

A bidder who fails to meet these requirements and who cannot show good faith effort will be considered non-responsive.

Good Faith Effort:

The following actions, by the bidder, are generally considered a sign of good faith effort. This list is not exclusive or exhaustive, but should be used as a guide in determining good faith effort.

1. Attendance at pre-bid meetings scheduled to inform DBE's of the project.
2. Advertisement in general circulation, trade association and minority focus media concerning subcontracting opportunities.

3. Written notice to DBE's allowing sufficient time for reply.
 4. Follow up of initial solicitation.
 5. Selection of portions of the work likely to be performed by DBE's.
 6. Provide interested DBE's adequate information for bidding.
 7. Negotiation with interested DBE's.
 8. Assist interested DBE's with bonding, insurance or credit.
-
9. Use of minority contractors' groups and minority business assistance offices.
