Bidder Questions and Responses

Questions from FLIPPO CONSTRUCTION COMPAYN

We have a question concerning "Removal and Salvage of all Class A Stone Masonry for Bridge Parapets, Piers and Abutments":

The Special Provisions require that the Class A Stone Masonry be salvaged and delivered to your maintenance yard. After a review of the drawings and a site inspection it appears that this stone can not be removed without some damage to it. What is your expectation of the condition of the stone after it is removed?

RESPONSE:

Any damaged stone shall be disposed with the approval of the field engineer. Payment for disposing is included in Demolition.
