**UNIVERSITY RESEARCH SCHEDULE  
FOR  
TRANSPORTATION RESEARCH AND TECHNOLOGY DEVELOPMENT  
(REQUEST FOR QUALIFICATIONS)**

**INVITATION NO.: DCKA-2008-R-0129  
08/01/2008**

**QUESTIONS AND ANSWERS**

**Q1. Where is the list of problems associated with each discipline area?**

*A1. The discipline areas are located in the Scope of Work, Item Number 1 (a-p).*

**Q2. Should each discipline be described in 5 pages? Thus, if interested in all disciplines (a-p), a total of 80 pages of description are expected. Please clear up the confusion on the narrative of the discipline area description:**

ii. Description of Approach: For *each discipline* that is proposed for contract award, *the offeror shall provide a five (5) page narrative that describes its understanding of the discipline area* and an approach or work plan the offeror proposes to solve the problem identified for each discipline area. In addition, the offeror shall provide a one (1) page project management plan that identifies the offerors proposed personnel assigned to the hypothetical project, their project title (project manager, analyst, etc), the number of hours they are assigned to the hypothetical project, the total hours required to complete the hypothetical project. The response to *each is subject to the disciplines the offeror is proposing for contract award.*

*A2. The intent of the RFQ is that a total of five (5) pages would be used to describe the college or university qualifications for all the selected areas of discipline. We therefore are amending the SOW to read:*

ii. Description of Approach: Describe in five (5) pages or less the qualifications for the college or university for the disciplines of your choosing. The description will provide an understanding of the discipline areas selected, an approach or work plan the offeror proposes to solve the disciplines identified. In addition, the offeror shall provide a one (1) page project management plan that identifies the offerors proposed personnel assigned to this project, their

*project title (project manager, analyst, etc), the number of hours they are assigned to the project, the total hours required to complete the hypothetical project.*

**Q3. Is the Financial Information Requested – an annual report or financial statement?**

*A3. Delete the request for an annual report or financial statement that is found on page three of the SOW in Item Number 8 a. DDOT is NOT requesting a price proposal or financial information at this time.*

**Q4. Is the requirement for the Disadvantaged Business Enterprise (DBE) participation mandatory? Does the exclusion of DBEs in this solicitation minimize the chances of a University being selected?**

*A4. The DBE individuals are given the opportunity to compete on DDOT assisted contracts. Participation by Disadvantaged Business Enterprises (DBE) is encouraged.*
