

<b>AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT</b>			1. Contract Number	Page of Pages 1 of 142	
2. Amendment/Modification Number <b>Amendment No. 8</b>		3. Effective Date See Block 16c	4. Requisition/Purchase Request No.	5. Solicitation Caption: FY 09 Citywide Traffic Safety Construction	
6. Issued By: Department of Transportation Office of Contracting and Procurement 2000 14th Street, N.W. 6th Floor Washington, D.C. 20009			7. Administered By (If other than line 6) Procurement Support Branch 2000 14th Street, N.W. 3rd Floor Bid Room Washington, D.C. 20009		
8. Name and Address of Contractor (No. Street, city, country, state and ZIP Code)			(X)	9A. Amendment of Solicitation No. <b>DCKA-2009-B-0118</b>	
				9B. Dated (See Item 11)	
				10A. Modification of Contract/Order No.	
				10B. Dated (See Item 13)	
Code			Facility		
11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS					
<input checked="" type="checkbox"/> The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers <input type="checkbox"/> is extended. <input checked="" type="checkbox"/> is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or fax which includes a reference to the solicitation and amendment number. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by letter or fax, provided each letter or telegram makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.					
12. Accounting and Appropriation Data (If Required)					
13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14					
A. This change order is issued pursuant to: (Specify Authority)					
The changes set forth in Item 14 are made in the contract/order no. in item 10A.					
B. The above numbered contract/order is modified to reflect the administrative changes (such as changes in paying office, appropriation date, etc.) set forth in item 14, pursuant to the authority of 27 DCMR, Chapter 36, Section 3601.2.					
C. This supplemental agreement is entered into pursuant to authority of:					
D. Other (Specify type of modification and authority)					
<b>E. IMPORTANT:</b> Contractor <input type="checkbox"/> is not, <input checked="" type="checkbox"/> is required to sign this document and return <u>1</u> copies to the issuing office.					
14. Description of amendment/modification (Organized by UCF Section headings, including solicitation/contract subject matter where feasible.)					
<b>This solicitation for FY 09 Citywide Traffic Safety Construction. The Bid Opening Date of January 14, 2011 is not extended</b>					
This amendment is issued to :					
1. Respond to questions from prospective bidders: Four (4) pages attached. <b>APPENDICES</b>					
2. Delete Employee Training Requirements in its entirety and REPLACE with revised Employee Training requirements (2 pages) attached					
3. Delete appendix entitled Wage Decision DC20100001 Modification No. 8 dated 9/24/10 and REPLACE with DC100001 Modification No. 11 dated 12/24/2010 (11 pages attached)					
4. Bid Forms and Proposals- Delete Pay Item Schedule pages 1-124 in their entirety and REPLACE with Pay Item Schedule pages 1R-124R and 125 (125 pages attached)					
<i>No further questions will be received per the issuance of this amendment</i>					
Except as provided herein, all terms and conditions of the document referenced in Item (9A or 10A) remain unchanged and in full force and effect					
15A. Name and Title of Signer (Type or print)			16A. Name of Contracting Officer Jerry M. Carter		
15B. Name of Contractor		15C. Date Signed	16B. District of Columbia		16C. Date Signed
(Signature of person authorized to sign)					1/5/11
			(Signature of Contracting Officer)		

**FY-2009 CITY-WIDE TRAFFIC SAFETY CONSTRUCTION CONTRACT**

**INVITATION NUMBER DCKA-2009-B-0118**

**PRE-BID CONFERENCE**

**NOVEMBER 2, 2010**

The pre-bid conference, referenced by Addendum Number 1 and Special Provision Number 22 to the above referenced invitation, was begun at 12:08 PM on Tuesday, November 2, 2010 in the Department of Public Works Office of Contracting and Procurement Conference Room on the 3<sup>rd</sup> Floor of the Reeves Municipal Building at 2000 14<sup>th</sup> Street, NW in Washington, D.C. A total of nine (9) attendees participated in the meeting.

Mr. William McGuirk, Supervisory General Engineer with the Transportation Operations Administration's Traffic Signal Team, presided over the meeting and offered introductory comments. Mr. McGuirk will serve as the Contracting Officer's Technical Representative (COTR) for this contract. Mr. McGuirk indicated that this was a federal-aid contract and that all federal requirements must be satisfied by the contractor and all subcontractors. He indicated that the purpose of this meeting was to solicit questions from prospective bidders. All questions and answers will be tabulated and made available in the form of an addendum to the Invitation for Bid. This addendum will be distributed to all who have registered and picked up documents from the bid room. The bid opening has been rescheduled for 2:00 PM on Friday December 3, 2010. Mr. McGuirk encouraged all prospective bidders to ask questions early in an attempt to avoid having to extend this bid opening date. Each participant at the pre-bid conference identified themselves and their affiliation to all present. Introductory comments having been completed, the floor was opened for questions. It is noted that this document includes questions and responses from the pre-bid conference and from all written inquiries received by the COTR up to the close of business on Friday, November 5, 2010.

**QUESTION NUMBER 1:** Schedule of Items, Page 8, and Line Number 0720: 616992 Traffic Control Special Item-Each-Miscellaneous Safety Improvements. The units listed are per EACH. The contract Specifications state that for this item, the unit is per the job. Is this to be a lump sum established by DDOT (similar to Pepco) or is it up to the contractor to approximate?

**RESPONSE TO QUESTION NUMBER 1:** The bidder will not need to estimate the bid price. This will be a lump sum item and the Bid Amount will be provided to the bidder for the base year and for each of the four option years. See the revised Pay Item Schedule for the base year and for the four option years.

**QUESTION NUMBER 2:** Schedule of Items, Page 21, Line Number 1560: 618992 Electrical Work Special Item-Each-Remove Traffic Signal Pole and Traffic Signal Equipment (Per Intersection): The item description states Per Intersection, but the Units state Each. Does this imply that the unit of measurement for the Removal of Traffic Signal poles and Equipment is “per intersection”?

**RESPONSE TO QUESTION NUMBER 2:** Yes. “Per Intersection” is the correct unit of measure for this Pay Item.

**QUESTION NUMBER 3:** Schedule of Items, Page 25, Line Number 1860: 900005 Labor Special Item-Hr.-Engineering Design Services (Lump Sum Per Year: a.) What is the correct unit description for this project (Lump Sum or Hour)? B.) Does DDOT have an estimated Lump Sum Value for this item (similar to Pepco) or is it up to the contractor to approximate? C.) The Specifications (Page 64-65 of the Special Provisions reference a DDOT Architect/Engineer Schedule; can DDOT please provide this schedule or identify where it can be obtained? D.) Does the engineering firm have to be on the Architect/Engineer Schedule?

**RESPONSE TO QUESTION NUMBER 3:** This will be a lump sum item and the bid amount will be provided to the bidder for the base year and each of the four option years. See the Revised Pay Item Schedule for the base year and for each of the four option years. As stated in sentence number 1 of paragraph number 1 of Special Provision Number 65, engineering firms used in this contract must be selected from the most current DDOT Architect/Engineer Schedule, as maintained by the DDOT Office of Contracts and Procurement. This schedule is available on the DDOT Web Site

**QUESTION NUMBER 4:** With reference to the schedule of items listing on page 18, provide clarification on the description of line item number 1330.

**RESPONSE TO QUESTION NUMBER 4:** Delete the word “COBNTROLLER” and replace it with the word “CONTROLLER”. See the revised Pay Item Schedule for the Base Year and for each of the four option years.

**QUESTION NUMBER 5:** In the schedule of items listing on page 19, specifically line items 1410 and 1460, which DDOT standard or style of luminaire should be priced, for example, a cut off or a tear drop? In the description, it is noted as (ANY SIZE) – does this refer to wattage?

**RESPONSE TO QUESTION NUMBER 5:** With reference to Line Number 1410, the item description shall be revised to read “HPS Luminaire, Tear Drop, 400 Watt”. With reference to Line Item Number 1460, the item description shall be revised to read “Metal Halide Luminaire, Cobra Head, 400 Watt”.

**QUESTION NUMBER 6:** In the schedule of items listing on Page 20 line item number 1530 is noted as EACH – Is this correct? If the unit of measure is, in fact, linear foot, is it linear foot of individual cables removed or linear foot of the cables removed in the existing conduit?

**RESPONSE TO QUESTION NUMBER 6:** The unit of measure for line number 1530 shall be changed from “EACH” to “Linear Foot (LF)”. See the revised Pay Item Schedule for the Base Year and for each of the four Option Years. If there are two individual cables to be removed from the same conduit, and each cable is 100 linear feet in length, a total of 200 LF of cable are to be removed under this scenario. The measure shall be linear foot of individual cables.

**QUESTION NUMBER 7:** In the schedule of items listing on page 20, line items number 1540 and 1560 appear to be duplicates. Is this true?

**RESPONSE TO QUESTION NUMBER 7:** They are not duplicates. Line 1540 references street light work (“Remove Street Light Pole and Street Light Equipment”). Line 1560 references traffic signal work (“Remove Traffic Signal Pole and Traffic Signal Equipment (Per Intersection)”). See, also, the response to Question Number 2.

**QUESTION NUMBER 8:** With reference to Page 23, Special Provision Number 31, Permits, the third sentence of paragraph number 1 states that the contractor is responsible for the cost of the electrical permit and the public space permit. Normally, DDOT projects are done at no charge. Is the SP correctly stated? If the contractor is responsible for the cost of permits, how should this cost be determined based upon an indefinite quantity of locations?

**RESPONSE TO QUESTION NUMBER 8:** The contractor will not be responsible for the cost of these permits.

**QUESTION NUMBER 9:** Besides the Electrical and Public Space Permits, will any other permits be required for this contract?

**RESPONSE TO QUESTION NUMBER 9:** The contractor may have to obtain a permit from the National Park Service should park land be impacted on one of the project locations. We have been told that this permit will not require a fee. No other permit requirements are anticipated.

**QUESTION NUMBER 10:** In the schedule of items listing for each of the five years, the 900005 Labor Special Item-HR-(ENGINEERING DESIGN SERVICES (LUMP SUM PER YEAR) item has a quantity of 1 and a unit of HR. Is this item paid by the hour or as a lump sum? It is shown on Page 35 line item 1860, Page 50 line item 3720, Page 75 line item 5580, Page 99 line item 7440, and Page 124 line item 9300. If it is paid as a lump sum, how is the payment distributed over the one year period? If it is by the hour, how many hours should we assume per year? Does a consultant listed under the “Traffic Engineering discipline of the DDOT A/E Schedule qualify to perform this work? We assume that the design may not need to be a fully blown PS&E, but sufficiently clear for the contractor to complete the task. Similarly,

the plans may not require a topographic survey and can be based upon geometric information from GIS, aerial maps or field inventory. Are these correct assumptions?

**RESPONSE TO QUESTION NUMBER 10:** See the response to Question Number 3. Additionally, we are expecting the consultant to produce scaled drawings of sufficient detail to enable construction of all recommendations by the contractor. In some instances, underground utilities will need to be identified, documented and created. In some instances, new pavements curb lines and channelization will need to be detailed. Electrical details including cable schematics, conduit schedules, station schedules, and traffic signal sequences of operation will need to be created on some drawings. The consultant must exhibit competence in the traffic engineering discipline, as most of the recommendations to be designed will require this trait, but competence in other design disciplines may also be required to produce constructible plans. There are many firms on the DDOT Architect/Engineer schedule with experience in DDOT design requirements and are competent in all required tasks.

The final Appendix in the Invitation for Bid is a document entitled "Employee Training Requirements (2Pages)". As currently written, the number of trainees to be trained under this contract is one (1) in the classification of electrician. Please delete the designation of one (1) electrician, and substitute in its place two (2) electricians. We have correspondingly increased the number of hours for Employee Training in the base year and in each of the four option years to accommodate this change. Changes have been made to Line Number 0010, Line Number 1870, Line Number 3730, Line Number 5590, and Line Number 7450. See the revised pay item schedule for the base year and for each of the four option years.

There were no further questions from the audience. Ms. Jeralyn Johnson, Contract Specialist with the DDOT Office of Contracts and Procurement, reminded all prospective bidders that this was a federal-aid project subject to all federal procurement laws. The contractor and all subcontractors shall be expected to comply with all federal laws and requirements as they pertain to this project. Prospective bidders were instructed to use Heavy Construction wage rates when preparing their bids and they were told that an addendum would be issued if these rates changed prior to the bid opening date. Ms. Johnson also informed prospective bidders that Addendum Number 1 specified that additional questions are to be submitted in writing via e-mail to Ms. Johnson and to Mr. McGuirk prior to 4:45 PM on Friday November 5, 2010.

Mr. McGuirk concluded the pre-bid meeting by thanking all for attending and reminding all to be prompt with any additional questions. The text of all questions and all answers shall be provided through the bid room in the form of an addendum. The Department may elect to avoid acknowledging or answering questions whose answers are felt to be obvious or clearly exist within the text of the Invitation For Bid.

The pre-bid meeting was adjourned at 12:33 PM on Tuesday November 2, 2010.

**EMPLOYEE TRAINING REQUIREMENTS**

23 CFR, Part 230, Subpart A, Appendix B applies to this contract, except as modified below. Prior to commencing, the contractor shall submit to the DC Department of Transportation Contracting Officer for approval, the number of trainees to be trained in each selected and classification and providing the prospective trainee's home address(es) and social security number(s). The number of trainees to be trained under this contract is **Two (2)** and shall be in the following classifications:

<b><u>CRAFT</u></b>	<b><u>NUMBER</u></b>
Electrician	2

The minimum length and type of training for each classification will be as established in the training program selected by the contractor and approved by the Contracting Officer, DC Department of Transportation and the Division Engineer, Federal Highway Administration.

For purposes of this requirement, a trainee is defined as a person who is registered and receiving on-the-job training in a construction or construction management occupation under a program which has been approved and certified in advance by the U.S. Department of Labor, Employment and Training Administration or by the Division Engineer, Federal Highway Administration.

A trainee differs from an apprentice in that an apprentice means (1) a person employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or (2) a person in the first 90 days of probationary employment in an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where applicable) to be eligible for probationary employment as an apprentice.

Contractors are encouraged to utilize the resources of the District of Columbia, Department of Employment Services, Employer Services Center and the District of Columbia, Department of Transportation to recruit and hire prospective trainees. Prospective trainees who are not enrolled in any approved program may be selected from among the contractor's construction workforce, subject to the approval of the Contracting Officer.

The District Department of Transportation- will monitor your training program closely during the life of the project to ensure that the training program is being administered in compliance with the applicable Federal regulations and that the assigned number of trainees are enrolled and receiving training. Contractors are reimbursed only for training actually given and carefully documented by the Project Engineer and verified by the District Department of Transportation.

**APPRENTICESHIP PROGRAM:**

All prime Contractors and subcontractors who contract with the District of Columbia Government to perform construction or renovation work with a single contract or cumulative contracts of at least \$500,000.00, let within a twelve (12) month period, shall be required to register and apprenticeship program with the District of Columbia Apprenticeship Council. (D.C. Code 36-409((1981))).

**APPRENTICES AND TRAINEES:**

This S.P. supplements APPRENTICES AND TRAINEES, ARTICLE 3 of STANDARD CONTRACT PROVISIONS FOR USE WITH SPECIFICATIONS FOR DISTRICT GOVERNMENT CONSTRUCTION PROJECTS, DATED 1973; as amended by the Transmittal Sheet No. 5.

- (1) In Items A, B and C, except for subparagraph C5, wherever the words "Apprenticeship Council, D.C. Department of Labor" appear, add immediately after: "and/or U.S. Department of Labor."
- (2) In Item B. Trainees, add the following: "Training programs approved under the requirements of Article IV; Section 4 and 5 of Required Contract Provisions, Federal Aid Construction Contracts (Form FHWA-1273) will satisfy the requirements of this item."

The contractor and all subcontractors shall furnish to the Contracting Officer written evidence of the registration of his/her program and apprentices as well as the appropriate ratios and wage rates for the areas of construction, prior to using any apprentice on the contract.

General Decision Number: DC100001 12/24/2010 DC1

Superseded General Decision Number: DC20080001

State: District of Columbia

Construction Types: Heavy (Heavy and Sewer and Water Line) and Highway

County: District of Columbia Statewide.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----  
In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.  
-----

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests

for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====
