RESPONSE TO POTENTIAL BIDDERS QUESTIONS

Question 1: In all of the wards the first year and the second year have price requests for trees up to 54" dbh and nothing for larger trees. The remaining 3 years have price requests for trees up to 60" dbh and then nothing bigger. This happens with each ward breakdown. For example if you look at page 4 and then at page 8. Is there a reason for the elimination for the bigger trees on the first two years?

Response: It should be the same for all years. Fifty-four inches (54") is the biggest we have so it should be 48" to 54".

Question 2: Also, there is a request for a 70 ton crane that can be rented. Is there a place to price the crane rental on the price sheets?

Response: We can add it to get better pricing but it will not be needed often.

Question 3: Last, I read that the lowest responsible bidder will be awarded the contract. Can one contractor receive all 4 sections?

Response: Yes they can but you have to staff Each one as a separate contract.
