**SOLICITATION OF STATEMENTS OF QUALIFICATIONS
H STREET/BENNING ROAD STREETCAR IMPLEMENTATION DESIGN-BUILD PROJECT**

SOLICITATION NO.: DCKA-2010-Q-0220

1. The District Department of Transportation (DDOT) is soliciting a Request for Qualifications (RFQ) from entities (Submitters) interested in providing design-build services for the H Street/Benning Road Streetcar Implementation Design-Build Project (the “Project”) in Washington, DC.

2. DDOT will use a two-phase procurement process to select a design-build contractor to deliver The Project. This RFQ is issued as part of the first phase to solicit information, in the form of a Statement of Qualifications. DDOT will evaluate the qualifications to determine which Submitters are the most qualified to successfully deliver The Project. DDOT will short list at least two (if any) of the most highly qualified Submitters that respond to the RFQ.

A pre-proposal meeting has been scheduled for August 4, 2010 from 10:00am to 12 noon in the 2nd Floor Community Room at the Reeves Center.

In the second phase, DDOT will issue a Request for Proposals (RFP) for the Project to the short listed Submitters. Only the short listed Submitters will be eligible to submit proposals for the Project. Each short listed Submitter that submits a proposal in response to the RFP is referred to herein as a Proposer. DDOT will award a design-build contract (if any) for the Project to the Proposer offering the best value to the District, to be determined by the criteria set forth in the RFP.

Submitters shall provide the following:

A cover letter signed by a person authorized to sign on behalf of the Submitter. Cover letter should be limited to two pages.

Submitter Information – Provide Form 1 (Major Participant Information) for each Major Participant. A Major Participant is described as:

- All general partners or joint venture members of the Submitter; all individuals, persons, partnerships, limited liability partnerships, corporations, limited liability companies, business associations, or other legal entities, however organized, directly or indirectly holding a 15% or greater interest in the Submitter.
- The lead engineering/design firm(s).
- Each subcontractor that will perform work valued at 10% or more of the construction work.
- Each consultant that will perform 20% or more of the design work.

Organization Chart – Provide an organizational chart(s) showing the flow of the “chain of command” with lines identifying participants who are responsible for major functions to be performed and their reporting relationships, in managing, designing and building The Project.

Submitter Experience – Use Form 2 (2-page Reference Project Summary) to describe at least one but a maximum of four design-build projects or projects of similar scope that the Submitter and each Major Participant has managed, designed, and/or constructed.

**SOLICITATION OF STATEMENTS OF QUALIFICATIONS
H STREET/BENNING ROAD STREETCAR IMPLEMENTATION DESIGN-BUILD PROJECT**

SOLICITATION NO.: DCKA-2010-Q-0220

Key Personnel – Provide Form 3 (Resume Summary) and provide a resume limited to two pages each for the following key personnel. Include resumes in an appendix.

- Contractor’s Project Manager
- Construction Project Manager
- Construction Quality Manager
- Design Lead Engineer – Structures
- Design Lead Engineer – Streetcar Systems Integration
- Design Lead Engineer – Overhead Contact System/Traction Power
- Maintenance of Traffic Manager

Legal and Financial – Provide the following:

- Form 4 (Receipt of Clarifications and Addenda)
- Organizational Conflicts of Interest - provide information regarding all potential organizational conflicts of interest in its proposal, including all relevant facts concerning any past, present, or currently planned interests which may present an organizational conflict of interest.
- Legal Structure – If the Submitter organization has already been formed, provide copies of the organizational documents that allow, or would allow by the time of contract award, the Submitter and Major Participants to conduct business in the District of Columbia. If the Submitter organization has not yet been formed, provide a brief description of the proposed legal structure or draft copies of the underlying agreements.
- Bonding Capability – Provide a letter from a surety or insurance company stating that the Submitter is capable of obtaining a performance bond and payment bond covering The Project in the amount of \$35 million. The letter shall also state that the Submitter is capable of obtaining a warranty bond covering The Project warranty period for the amount of \$2 million. Letters indicating “unlimited” bonding capability are not acceptable. The surety or insurance company providing such letter must be authorized to do business in the District of Columbia with an A.M. Best Co. “Best’s Rating” of A- or better and Class VIII or better.
- Debarments – Indicate whether any Major Participant has been debarred or declared ineligible to perform work in any jurisdiction within the last five years, or if there are any current debarment proceedings underway against any Major Participant.

3. A panel of DDOT staff will conduct evaluations and make short list recommendations to the Contracting Officer. Final selection will be made by the Contracting Officer in accordance with Title 27 DCMR Chapter 16.
4. Vendors desiring consideration shall submit five (5) copies of their Statement of Qualifications. All Submitters desiring consideration must include all information relating to the Submitter’s qualifications in the Statement of Qualifications. Inclusion by reference to other materials is not acceptable.
5. The evaluation criteria for selection are listed below:
 - (a) Qualifications necessary for satisfactory performance of the required services; **(45 points)**
 - Effectiveness of organization structure

**SOLICITATION OF STATEMENTS OF QUALIFICATIONS
H STREET/BENNING ROAD STREETCAR IMPLEMENTATION DESIGN-BUILD PROJECT**

SOLICITATION NO.: DCKA-2010-Q-0220

- Team experience on projects of similar scope and complexity
- Team experience with timely completion of comparable projects
- Team experience with integrating design and construction activities
- Experience of team members working together

(b) Specialized experience and technical competence in the type of work required; **(45 points)**

- Key personnel with specific experience and qualifications in the designated position

(c) Past performance on contracts with the District, other governmental entities, and private industry in terms of cost control, quality of work, and compliance with performance schedules; **(10 points)**.

(d) Pass/Fail evaluation of the Legal and Financial criteria.

6. A CBE subcontracting goal of thirty-five percent (35%) for firms certified as LSDBEs in accordance with D. C. Law 16-33 has been set on this District-funded contract. The goal for this project is thirty-five percent (35%). This contract is subject to all applicable District regulations including Title VI of the Civil Rights Act of 1964.
7. Statements of Qualifications from all Submitters must be received by 2:00 pm on August 13, 2010 at the following address:

Office of Contracting and Procurement Bid Room
Frank D. Reeves Municipal Center
2000 14th Street, N.W. 3rd Floor
Washington, D.C. 20009

8. Project Goals and other relevant information can be found at www.ddot.dc.gov and www.ocp.dc.gov.
9. For technical questions
10. Contact Ms. Zahra Dorriz at (202) 391-8193, Zahra.Dorriz@dc.gov. The Contracting Officer for this procurement is Mr. Jerry M. Carter. He may be contacted at (202) 671-2270, Jerry.Carter@dc.gov.

PROJECT GOALS

The H Street/Benning Road Streetcar Implementation project shall comply with the following goals and objectives:

1. On Budget – Complete the Project within budget
2. On Time – Substantial completion of construction by November 2011, commissioning and revenue service by December 2011.
3. Scope – Provide an operable streetcar system
4. Maximize Durability and Minimize Maintenance – Provide a system that will minimize maintenance costs for both the roadway and streetcar systems
5. Provide a system that maximizes roadway and streetcar mobility
6. Minimize traffic disruption during construction
