B. The responses to requests for information received from prospective offerors are as follows:

1. The solicitation requires supervision and coordination of the underwater inspection by "a Registered Professional Engineer (PE), registered in the United States...". Also, the referenced Bridge Inspection Manual for Procedures (2014 Edition) requires "a registered professional engineer" for both the inspection Program Manager and for the individual charged with the overall responsibility for load ratings. Please confirm that a professional engineering license from any State or From DC will be allowed and will carry equal weight for these positions in the evaluation of qualifications. Response: ***The Consultant's Project Manager, the person who stamps and certifies the content of the bridge inspection reports and other relevant documents, must be registered in the District of Columbia. Other professional engineers working on the contract are not required to be registered in the District.***
2. Do you require or will you accept a cover letter to the SF330? If so, what are the page limitations to the letter? Response: ***It is customary to attach a cover letter to the SF330. The letter should be a reasonable length.***
3. Are there any requirements or limitations on the submittal binding or packaging? Response: ***There are no requirements or limitations for binding or packaging.***
