DCKT-2009-R-0120-001	See 16C Below		Grounds Keeping and Landscaping Services

14.  
**A. Responses to Offerors' questions are provided in Attachment A to this Amendment.**

**B. Section C.3.2.3 is revised to read as follows:**

**C.3.2.3** The contractor shall mow the turf in such a way that clippings are not piled up or rows of clippings are formed. The contractor shall change the mowing pattern or direction at each cut to reduce the grooves in the turf caused by equipment. Clippings should be recycled back into the turf. However if clipping pile up, the contractor shall remove all excess clippings in piles from turf areas at the conclusion of each mowing operation.

**C. Section C.3.2.8 is revised to read as follows:**

**C.3.2.8** The contractor shall remove grass clippings from all paved surfaces immediately after mowing.

**D. Section C.3.4.1 is revised to read as follows:**

**C.3.4.1** The contractor shall remove all trash and debris prior to mowing. The contractor shall remove all other materials such as tree trimmings (branches up to 4" in diameter) and leaves from all turf service areas at the end of each mowing operation. In addition, the contractor shall remove any grass clippings or other debris on paved surfaces within the property boundaries by blowing all paved areas. The contractor shall not blow any grass clipping down the city's catch basins, nor in the city roadways. The contractor shall conduct a pre-mowing site walk through to remove all debris that will interfere with the mowing operations such as trash, limbs, or other items in the turf areas. The contractor shall remove weeds in sidewalks and on pool decks during each mowing operation.

**E. Section C.3.15 Snow/Ice Removal Services is added as follows:**

**C.3.16 Snow/Ice Removal**

**C.3.16.1** At the request of the COTR, the contractor shall provide all management, supervision, personnel, labor, tools, equipment, transportation and supplies necessary to ensure that snow/ice removal services are performed at designated District locations in a manner that will maintain a satisfactory and safe environment primarily during the months of December - March.

**C.3.16.2** The contractor shall remove snow and ice from all paved areas, sidewalks, steps, stairs, landings, and entrances of each facility. The contractor shall ensure a pathway of 3 feet wide is free of snow and ice accumulation, piles or drifts by removing all snow and ice from sidewalks, landings, and entrances.

**C.3.16.3** The contractor shall remove snow, including drifts or piles, from all remaining paved surfaces to include parking lots, where applicable. Snow/ice shall be removed when accumulation exceeds one (1) inch or within one (1) hour after snowfall stops. When snowfall is heavy or accumulations become excessive, the contractor shall remove snow when accumulation reaches 3 inches or within 2 hours after snowfall stops whichever occurs sooner. This may require multiple snow/ice removals each day.

**C.3.16.4** The contractor shall immediately remove ice to provide secure footing or safe driving condition by sanding with washed sand. The contractor shall provide all sand and shall remove and dispose of excess accumulations of sand.

**C.3.16.5** It is difficult to predict when snow/ice removal will be required. As a result, the COTR will give the contractor as much advance notice as possible when these services will be required. The advance notice may be as little as 8 hours.

<b>AMENDMENT OF SOLICITATION / MODIFICATION OF CONTRACT</b>			1. Contract Number	Page of Pages
2. Amendment/Modification Number	3. Effective Date	4. Requisition/Purchase Request No.	5. Solicitation Caption	
DCKT-2009-R-0120-001	See 16C Below		Grounds Keeping and Landscaping Services	3   3

**F. Attachment J.1.4 – Locations and Detailed Price List is hereby replaced in its entirety. See attached revised Attachment J.1.4 dated 10/9/09.**

**G. Section M.1.2 is added as follows:**

M.1.2 Prior to making an award decision, the District will conduct a comparative analysis between the price proposals received and the cost for the District to perform these services using District resources (essentially a Make or Buy decision). The District reserves the right not to make an award if the price is too prohibitive.

SOLICITATION DCRK-2009-R-0120  
AMENDMENT 001 – ATTACHMENT A  
RESPONSES TO OFFERORS' QUESTIONS

Q1. Does a vendor need to bid on all wards?

A1. No, a vendor needs only to submit a proposal for the wards for which it wants to be considered. However, the vendor must submit a price for every location within that ward.

Q2. How many client references are required under L.2.1.2?

A2. The Offeror shall submit a list of at least four (4) major clients for which the prime contractor has provided ground maintenance and landscaping service. One (1) of those four references must be that of a municipal client.

Q3. Can companies team together?

A3. Yes, companies may form teaming agreements or subcontract with another company to provide the required service. The minimum experience requirements in section L.2.1.2 refer to the prime contractor. Offerors shall state the percentage of work to be done by each team member or subcontractor.

Q4. Can the price schedules be provided in Excel format?

A4. The price schedules cannot be loaded on the Office of Contracting and Procurement (OCP) website in Excel. If you require the schedules in Excel, please contact Gena Johnson via email at [gena.johnson@dc.gov](mailto:gena.johnson@dc.gov) to obtain the schedules. The Excel spreadsheets will be provided as a convenience to the Offeror. The official copy of the price schedules are those that appear on the OCP website. Offerors should not alter the format or list of locations in the spreadsheets. Please note that in accordance with section L.13 the Offeror shall also submit an electronic copy of its proposal by the closing date.

Q5. Do you need to submit the Pesticide application license with the proposal?

A5. Refer to L.2.1.3 B. Offerors are required to submit a copy of the Certification of the Pesticide Applicator with its Technical Proposal.

Q6. Ward 7 and Ward 8 price schedules appear to have the same properties listed for the Department of Parks and Recreation. Please clarify.

A6. The price schedules have been revised to reflect the correct locations in Wards 7 and 8.

Q7. Please verify the acreages for the Department of Transportation locations (#109-111) in Ward 5.

A7. Department of Transportation locations in Wards 3 through 8 have been removed from this solicitation.

Q8. What is the contractor's responsibility regarding weed control during routine service visits?

Typically spraying of weeds in sidewalks, pool decks, and in ground cover is done during a routine cut. Will there be a separate line for pre-emergent treatment?

SOLICITATION DCRK-2009-R-0120  
AMENDMENT 001 – ATTACHMENT A  
RESPONSES TO OFFERORS' QUESTIONS

A8. See revision to section C.3.4.1.

Q9. The price for dyed mulch is typically different from regular mulch. Will there be a separate line for dyed mulch?

A9. A separate line item has been added for dyed mulch.

Q10. Will agencies be made aware that vendors will be coming by to measure the locations?

A10. Yes.

Q11. Will a copy of the sign-in sheet be made available for the purpose of teaming?

A11. A copy of the sign-in sheet is attached to this amendment as Attachment B.

Q12. I have noticed in the attachment section of the solicitation that there are a decent number of actual addresses for services to be rendered. My question is if you have a map that marks all the different addresses.

A12. There is not a map that shows all of the locations.

Q13. Are estimated acreage amounts available for Office of Property Management locations that currently say "NA"?

A13. This information is not current available. If it becomes available prior to the closing date, it will be provided in a subsequent amendment.

Q14. Has this RFP been let in prior years? If it has been let in the past, to who?

A14. This is the first time that landscaping needs of various District agencies has been consolidated in one solicitation. In the past, each agency requiring landscaping services has had its own contract.

Q15. How do we get historic pricing through the freedom of information act for this project?

A15. Freedom of Information Act requests should be directed to Jossette Mercer in the Office of Contracting and Procurement. Her email address is [Jossette.mercer@dc.gov](mailto:Jossette.mercer@dc.gov). Again, because there are various contracts and purchase orders to multiple vendors, a request for historic pricing would need to be specific as to which contract or purchase order is being requested. Please note that the various contracts and purchase orders included differing statements of work and price schedules. Some contracts were priced per location, some per acre, and some on a monthly basis.

SOLICITATION DCRK-2009-R-0120  
AMENDMENT 001 – ATTACHMENT A  
RESPONSES TO OFFERORS' QUESTIONS

Q16. Is the DC government happy with the current service provider?

A16. There are several different service providers and differing degrees of satisfaction with those providers.

Ward 1 Price Schedule - Base Year

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Contract Line Item Number	Location Name	Location Address	Ward	Estimated Number of Acres	(A) Estimated Number of Cuts/Year	(B) Price per Cut for Mowing Services	(C) Total Estimated Price for Mowing Services (multiply A x B)	(D) Estimated Number of Routine Application of Fertilizer	(E) Price per Application for Fertilization Services	(F) Total Estimated Price for Fertilization Services (multiply D x E)	Plant Rotation Required (Yes/No)	(G) Total Estimated Price per Location (C + F)

Ward 1 Price Schedule - Option Year 3

Revised 10/9/09

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 1 Price Schedule - Option Year 4

Revised 10/9/09

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 2 Price Schedule - Option Year 2

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 3 Price Schedule - Base Year

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 3 Price Schedule - Option Year 2

Revised 10/9/09

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 3 Price Schedule - Option Year 4

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 5 Price Schedule - Option Year 4

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 6 Price Schedule - Option Year 1

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.

Ward 7 Price Schedule - Option Year 3

The price schedule below includes the price for routine/scheduled services, unscheduled/emergency service, and as needed services. For routine service, the District has provided the approximate size, expressed in acres, of each location and provided the service level requirements. Note that the level of service required may be different for each location within a ward. The list of locations in this schedule reflects the District's best estimate of the locations requiring service. The quantity, location descriptions, and service levels are subject to change.
