**ATTACHMENT A – RESPONSE TO QUESTIONS REGARDING
SOLICITATION NO. DCKT-2010-B-0112
RECYCLNG COLLECTION PROGRAM SERVICES**

1. Question: Scenario 2, Section B.4.2: Confirm it is the intention of the District to offer for purchase recyclables FOB Fort Totten and Benning Rd, with the requirement the purchased material must be recycled under the recyclable materials specifications in the RFP with respect to contamination and content?

Answer: The intention of Scenario 2 is for the purchase of collected recyclables services from the transfer station. The contract will require that the materials purchased be put to beneficial use and/or otherwise recycled. The District reserves the right to review the buyer's records to determine compliance with this requirement.

2. Question: Scenario 2: If the successful bid is awarded under this scenario, will this contract be considered a contract for the sale of recyclables which can be entered into by the Director of the Department of Public Works under DC Official Code Section 8-1011(a)?

Answer: Yes, the award will be made under Section 8-1011(a). Contracts issued under that section will still need to comply with the Procurement Practices Act.

3. Question: Scenario 2: Since payment to the District is based on indexed pricing, can the requirement that the Contractor market the materials be eliminated from the contract, provided that the Contractor agrees that the materials will be recycled?" A Contractor, may, for example, purchase or divert the Recyclables for its own beneficial use, with no need to market them."

Answer: Yes. The contract will require that the materials purchased be put to beneficial use and/or otherwise recycled. The District reserves the right to review the buyer's records to determine compliance with this requirement.

4. Question: Scenario 2, Section C (i.e. Section C.3.6 and the Safety Plan): Multiple references are made that describe activities other than purchase FOB District Transfer Stations. Can the District clarify its intent here?

Answer: The safety plan is applicable to the processing activities described in scenario 1 only.

5. Question: Scenario 2 Section C.1: Is the scope of the Contract the purchase its Recyclables FOB the drop off facilities, subject to the restriction that such material purchased must be recycled?

Answer: Yes.

6. Question: P.9, C.1.1: What particular rule in 21 DCMR Chapter 7 applies to this procurement? Where can it be found on line?

Answer: Municipal Regulations can be found online at either the Office of the Secretary website www.os.dc.gov or www.dcregs.org.

7. Question: Scenario 2, Section C.1.2 Definitions. C.1.2.10 – Maximum Contamination Level – Is it the District's intent to say “no more than 10% of the gross weight...” rather than “no less than 10%”?

Answer: Section C.1.2.11 has been corrected to read “no more than 10%”. See the revision dated 12/29/09.

8. Question: Scenario 2, Section E.1, If the contract is awarded under this scenario, will the District confirm that the applicable items for purchase language will be used, since the Standard Contract Provisions are for service contracts?

Answer: Yes, the Standard Contract Provisions will apply. The resulting contract is considered a services contract. Services being defined as in DC Code section 2-301.07.

9. Question: Section G.2.3.2 – With respect to reporting requirements, the District is still referring to dual stream. Please clarify that tonnage of single stream received is what needs to be reported.

Answer: Yes, all reporting is for single stream.

10. Question: Scenario 2, Section H.3, Section H.10, and Section I –Do these sections apply to scenario 2? The applicability seems limited to scenario 1 since we are only purchasing recyclables in scenario 2. Can the district clarify its intentions here?

Answer: The District will issue a contract resulting from this solicitation, therefore these sections will still apply.
