ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.59 per hour or \$143.60 per week or \$622.27 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer

occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A link to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

4279 STANDARDS FOR THE MANAGEMENT OF USED OIL

- 4279.1 The provisions of 40 CFR Part 279 (Standards for the Management of Used Oil) are incorporated by reference, subject to the general modifications in 20 DCMR §§ 4200 through 4206 and the specific modifications in this section.
- 4279.2 The cross-references throughout 40 CFR Part 279 to "Part 280" shall refer instead to the District of Columbia Underground Storage Tank Regulations, 20 DCMR chapters 55 through 70; and the cross-references to "Subpart F of this chapter [40 CFR Part 280]" shall refer instead to 20 DCMR chapter 62 (Reporting of Releases, Investigations, Confirmation, Assessments, and Corrective Action).
- 4279.3 Notwithstanding any provision to the contrary in 40 CFR Part 279 that would allow a person required to obtain an EPA identification number by letter request, each person required to notify the Director of the person's used oil activity shall obtain an EPA identification number by submitting to the Director a completed EPA Form 8700-12.
- 4279.4 The provisions of 40 CFR § 279.1 (definitions) are adopted with the following modifications:
- (a) The cross-references to 40 CFR §§ 260.10 and 280.12 shall refer instead to 20 DCMR §§ 4260.4 and 7099.1; and
 - (b) With respect to the definitions of the terms "existing tank" and "new tank," the effective date of the EPA-authorized used oil program for the District of Columbia is November 9, 2001.
- 4279.5 The provisions of 40 CFR § 279.10 (applicability of Part 279) are adopted with the following modifications:
- (a) The provisions of 40 CFR § 279.10(b)(3), pertaining to mixtures of used oil and conditionally exempt small quantity generator waste, are excluded from the incorporation by reference. Instead, all mixtures of used oil and conditionally exempt small quantity generator hazardous waste shall be regulated as hazardous waste under 40 CFR § 261.5, as incorporated by reference, subject to modification in 20 DCMR § 4261.7; and
 - (b) The provisions of 40 CFR § 279.10(d), pertaining to mixtures of used oil with products, are excluded from the incorporation by reference. Instead, all mixtures of used oil and fuels or other fuel products, including all mixtures of used oil and diesel fuel, are subject to regulation under this section (20 DCMR § 4279).
- 4279.6 In addition to the prohibitions in 40 CFR § 279.12, the provisions of 20 DCMR § 4202.3 prohibit the following activities in the District of Columbia:
- (a) Management of used oil in surface impoundments or waste piles;
 - (b) Use of used oil as a dust suppressant; and
 - (c) Burning of used oil, whether on-specification or off-specification, including burning in space heaters and burning incidental to processing.
- 4279.7 The provisions of 40 CFR Part 279, Subpart C, Standards for Used Oil Generators, are adopted with the following modifications:

- (a) The exception in 40 CFR § 279.20(a)(3) for mixtures of used oil and diesel fuel mixed by the generator of the used oil for use in the generator's own vehicles is excluded from the incorporation by reference. Instead, all mixtures of used oil and diesel fuel are subject to regulation under this section (20 DCMR § 4279);
- (b) In addition to the requirements of 40 CFR § 279.22(b), containers and aboveground tanks shall:
 - (1) Have secondary containment, as approved by the Director;
 - (2) Always be closed during storage, except when it is necessary to add or remove waste; and
 - (3) Not be opened, handled, or stored in a manner that may rupture the container or tank or cause them to leak; and
- (c) With respect to 40 CFR § 279.22(d), the effective date of the recycled used oil management program in the District of Columbia is September 29, 2000.

4279.8 The provisions of 40 CFR § 279.45 (used oil storage at transfer facilities) are adopted with the following modifications:

- (a) Each owner or operator of a used oil transfer facility shall comply with the standards for used oil processors and re-refiners in Subpart F of Part 279; and
- (b) With respect to 40 CFR § 279.45(h), the effective date of the recycled used oil management program in the District of Columbia is September 29, 2000.

4279.9 With respect to 40 CFR § 279.54(g) (used oil management by used oil processors/re-refiners), the effective date of the recycled used oil management program in the District of Columbia is September 29, 2000.

4279.10 With respect to 40 CFR § 279.75(a)(1), the notice obtained by the used oil generator, transporter, or processor/re-refiner shall contain the certification from the burner that the burner has notified either EPA or, if the burner is located in a state with an EPA-authorized used oil program, the state agency with regulatory authority over recycled used oil management activities, as applicable.
