**COST/PRICE PROPOSAL**

**GENERAL INSTRUCTIONS**

- 1.1 Offerors submitting cost/price proposals, in response to a Government of the District of Columbia, Child and Family Services Agency (District, CFSA or Agency) Request For Proposal (RFP), sole source procurement, change order, or contract modification exceeding \$100,000 in total value, must include a complete cost and pricing data breakdown (i.e., data that is verifiable and factual) for all costs identified in the proposal, and relevant to the performance of the contract. The requirement for submission of cost or pricing data is met when all accurate cost or pricing data reasonably available to the Offeror has been submitted, either actually, or by specific identification, to the District. If not available at the time of submission, as later information comes into the Offeror's possession, it should be promptly submitted to the District in a manner that clearly demonstrates its relationship to, and effect on, the Offeror's cost/price proposal. This requirement continues up to the date of final agreement on price and/or other issues, as agreed upon between the parties.
- 1.2 There is a clear distinction between submitting cost or pricing data and merely making available books, records and other documents without identification or context. By submitting a cost/price proposal, the Offeror, if selected for negotiation, grants the Contracting Officer, or an authorized representative, the right to examine, at any time before award, those books, records, documents, and other types of factual information, regardless of form or whether such supporting information is specifically referenced or included in the proposal as a basis for pricing, that will permit an adequate evaluation of the proposed cost/price.
- 1.3 The cost/price proposal will represent the offeror's understanding of the RFP's requirements and the offeror's ability to organize and perform those requirements effectively and efficiently. The evaluation of the Offeror's cost/price proposal will be based on an analysis of the realism and completeness of the cost data, the conformity of the cost to the offeror's technical data and the proposed allocation of labor-hours and skill sets. Pertinent cost information, including but not limited to Defense Contract Auditing Agency (DCAA) and/or the Department of Labor (DOL) recommended rates for direct labor, overhead, general and administrative expense (G&A), etc., as necessary and appropriate, must be used to arrive at the most probable cost to be incurred by the Offeror. If the District considers the proposed costs to be unrealistic, the Offeror should adjust its proposed costs accordingly. Any inconsistency, whether real or apparent, between promised performance and cost or price should be explained in the cost/price proposal. The burden of proof for cost credibility rests with the Offeror.

- 1.4 The Offeror's Cost/Price Proposal consists of two submissions: (1) the CFSA Budget Package, which requirements are indicated in the CFSA Budget Package Instructions, and (2) the Cost/Price Disclosure Certification Package, which consists of the Cost/Price Disclosure Certification and all additional information required by Section 1.5 of these Cost/Price Proposal Instructions. These two submissions together comprise the Offeror's Cost/Price Proposal. The Offeror shall submit one signed original and three (3) copies of its Cost/Price Proposal, **and** shall also submit the CFSA Budget Package on a diskette. All hard copies must be securely bound on the left hand side and in a manner that will allow them to lie flat when opened; paper-clipped or binder-clipped submissions are not acceptable. The Offeror's Cost/Price Proposal shall be submitted to the Contracts and Procurement Administrator/Agency Chief Contracting Officer, 955 L'Enfant Plaza SW, Suite 5200, Washington, DC 20024. **This is the only location authorized for receipt of Offeror's Cost/Price Proposal.** The Offeror is responsible for ensuring the timely delivery of all information. All information must be hand-delivered or sent through a public or private mailing service in such a way that a unique tracking number is assigned by which the Offeror can track the status of delivery. Regular mail or electronic mail delivery is **not** acceptable. All cost/price proposals should provide a cost summary by all cost elements, cross-referenced to supporting documentation.
- 1.5 The following information shall be included with Offeror's Cost/Price Proposal, for the prime contractor and each proposed subcontractor, as listed in subparagraphs (a) through (e), below. Failure to submit the information required herein shall result in rejection of the Offeror's offer. The requirement to provide all cost and pricing data to the District is not dependent on the format of any forms provided by the District for this purpose. The Offeror is responsible for providing all required information in an appropriate, usable format, even if the forms provided by the District do not include a specific block, space, grid, or table specifically identified as requesting such information. The Offeror may attach additional sheets as necessary to its submission.
- (a) A properly completed "Cost/Price Disclosure Certification," (all fifteen (15) blocks must be completed);
  - (b) Identification of any estimates, along with the rationale and methodology used to develop them, including judgmental factors used in projecting future costs, based on known data, and the timing, nature and extent of any material contingencies.
  - (c) Disclosure of any other activities or likely events which could materially impact specific costs (i.e., existing large material and supply inventories, management/ownership changes, new technologies, collective bargaining agreements, etc.)
  - (d) Disclosure of any and all contracts awarded by the District of Columbia within the past twelve (12) months, as well as disclosure of any proposed contracts with the District of Columbia that are pending (i.e. in any stage of the pre-award or award process) including contract number(s), amount, type (fixed price, cost reimbursement, etc.), period of performance, name of agency, name and current contact information for the agency Contracting Officer or Contracting Officer's Technical Representative, and a brief description of services.
  - (e) Source of approval and the latest date of approval of the offeror's Accounting system (applicable only to cost-reimbursement contracts.)

The undersigned (5) \_\_\_\_\_  
(please print name and title of offeror's authorized signatory) hereby certifies that, to the best of my knowledge, the cost and pricing data (i.e. at the time of price agreement this certification represents that all material facts of which prudent buyers and sellers would reasonably expect to affect price negotiations in any significant manner) submitted was accurate, complete, and current as of (6) \_\_\_\_\_ (date of RFP closing or conclusion of negotiations as appropriate). The undersigned further agrees that it is under a continuing duty to update cost or pricing data through the date that negotiations, if any, with the District are completed. The undersigned further agrees that the price, including profit or fee, will be adjusted to exclude any significant price increases occurring because the cost or pricing data was inaccurate, incomplete or not current.
