SECTION M - EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

M.2 TECHNICAL RATING

The Technical Rating Scale is as follows:

<u>Numeric Rating</u>	<u>Adjective</u>	<u>Description</u>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

For example, if a sub factor has a point evaluation of 0 to 6 points, and (using the Technical Rating Scale) the District evaluates as "good" the part of the proposal applicable to the sub factor, the score for the sub factor is 4.8 (4/5 of 6). The sub factor scores will be added together to determine the score for the factor level.

M.3 EVALUATION STANDARDS

M.3.1 Factor 1: Technical Knowledge

Description: This factor considers the technical expertise to be accessed and provided by the offeror to perform the District's requirements as described in Section C of this solicitation. This factor encompasses all components of the offeror's staff and staff related activities, including the offeror's organizational structure, the qualifications and expertise of the offeror's proposed staff, and the offeror's staff development initiatives. This factor considers each staffing component, together and independently, and the importance of the interrelationships of each component toward the contribution of performing the service requirements.

This factor also encompasses the offeror's technical capacity to perform the required services as described in Section C.3, including the offeror's system to measure and trace service delivery outcomes, and the scheduling, coordination and documentation of the requirements. This factor examines technical capacity and the overall contribution and utilization of the offeror's techniques and processes in the successful fulfillment of the requirements.

The standard has been met when the offeror:

- a) Provides an organizational chart that demonstrates the offeror's understanding and availability of staff to fulfill the required minimum staffing positions;

Offeror provides position descriptions indicating the offeror's awareness and distribution of the minimum responsibilities for each staff position and acknowledges and assigns the responsibilities to perform the requirements among the offeror's proposed staff. The offeror's staff information, including resumes, certificates and position descriptions are consistent with the information presented in the offeror's organizational chart;
- c) Provides details of the offeror's staff development initiatives including at a minimum the offeror's staff orientation curriculum and in-service training requirements, that illustrate the offeror's understanding of required staff development and the significant value of staff development relative to fulfilling the requirements;

Provides evidence of the offeror's consistent commitment to quality, recognition and correction of weaknesses, and on-going initiatives to improve the offeror's performance of the requirements;

- e) Provides a description and accompanying explanation of the offeror's system to identify and measure service delivery outcomes that demonstrate the offeror's understanding of the technical requirements relevant to the population to be served and the desire objectives; and
- f) Presents evidence in the offeror's proposed position descriptions, service description, service delivery and quality assurance plans to exhibit the offeror's knowledge and awareness to schedule, coordinate and document the delivery of service requirements.

M.3.2 Factor 2: Past Performance

Description: This factor considers the offeror's past performance in performing services similar to the required services as described in Section C of this solicitation. This factor includes an examination of the quality of services provided, timeliness in service delivery, business practices, and overall satisfaction of the offeror's performance.

The District, utilizing the Past Performance Evaluation form, Attachment J.1.4, will solicit Past Performance Evaluations from a minimum of three (3) references provided by the Offeror in the Experience Questionnaire (Attachment J.1.3). The information obtained from the completed Past Performance Evaluation forms will facilitate the District's evaluation of the above factors relevant to the Offeror's delivery of required services as described in Section C of this solicitation.

The District will only discuss Past Performance information directly with the prospective prime contractor that is being reviewed and with the previous customers.

In the event of unfavorable past performance evaluations or ratings, ratings of 0 or 1 as described on page 2 of the Past Performance Evaluation form, the offeror during discussions will be provided an opportunity to prepare a response to the unfavorable evaluation.

The standard is met when:

- a) The offeror provides with proposal, the completed Experience Questionnaire (Attachment J.1.3) listing all contracts in which the offeror or its major subcontractors or joint venture partners have performed similar work in the past (3) years. Work is similar, if the function, responsibilities, and duties of the offeror are essentially the same as the required services described in Section C.3; and
- b) The past performance evaluations obtained by the District from a minimum of three (3) references provided by the offeror, are satisfactory or better, as described in the instructions and rating criteria on page 2 of the District's Past Performance Evaluation Form (Attachment J.1.4).
