SECTION C: STATEMENT OF WORK

C.1. SCOPE:

The District of Columbia Government, Office of Contracting and Procurement (OCP), on behalf of the Board of Elections and Ethics (BOEE), seeks a contractor to acquire voting equipment that support election processes by procuring two hundred (200) Direct Record Electronic (DRE) voting machines with Voter Verifiable Paper Audit Trail (VVPAT) , one hundred seventy five (175) Optical Scan/Digital Scan voting machines, two (2) central count units, and an Election Management System and other peripheral equipment to be used by all voters and accessible to voters with physical, vision and literacy challenges. “It is the intent of the Board of Elections and Ethics to procure, install, test and certify the voting system in time for the 2010 Elections cycle, commencing with the Mayoral Primary Election to be held Tuesday, September 14, 2010.”

C.1.1 Definitions

The terms below are defined as follows when used in the contract:

1. **Absentee Ballot or Mail Ballot System (ABS):** A system to manage ballots that are not voted at the polls nor voted on DRE devices but typically requested and voted through the mail.
2. **Ballot Type:** A geographic area where all voters are to receive an identical ballot style with the same contests and measures.
3. **Electronic Voting Machine** – (also called Direct Recording Electronic Voting Machine or “DRE”) is a voting device that combines the vote recording and vote tallying functions into one machine. The DRE should allow voters to view on screen and on paper, vote and record electronic ballots. The machines purchased by the Board must allow voters with disabilities to review the ballot and cast votes independently, securely and accurately using a special audio feature.
4. **Early Voting Period:** The 15-day period immediately preceding Election Day in which voting is allowed in the District of Columbia.
5. **Election Management System (EMS):** System software utilized by election officials to create ballot layouts, define ballot styles and tabulates election results and provides multiple reports including Pre-LAT, Election Day Reporting and Post Election results.
6. **Election Precinct:** Is a geographic location in which voters report to vote on Election Day, and to which certain ballot styles are generated and assigned for voting purposes. Voting machines are assigned to specific precincts on Election Day.

7. **Optical/Digital Scan Voting Machine** - a paper based voting device that allows voters to record their votes by filling out a paper ballot that is read by an optical/digital scanner. The scanner, located in the precinct, validates, tabulates and will reject ballots that are over-voted, thus giving the voter an opportunity to correct the ballot before casting the same.

The system accommodates a wide range of ballot styles and configurations including double sided and should provide maximum flexibility and retention of a permanent physical record of voter choices.

8. **Poll worker** – a District of Columbia citizen volunteer who works at the polling place on Election Day and is paid a minimal stipend between \$120.00 and \$180.00 for their services.
9. **Voter Verifiable Paper Audit Trail:** A unit attached to the DRE that provides a paper record of each vote cast on the DRE voting unit.
10. **Central Count Tabulator:** A ballot counting unit that processes hundreds of ballots per minute and interfaces with the Election Management System for consolidation of results.
11. **“Pre Lat”:** Pre Logic and Accuracy Testing. The processing of testing hardware and software functionality to ensure that the DRE units and optical scan voting devices are functioning properly and accurately capturing election data.

C.2 BACKGROUND

C.2.1 In 2001, the BOEE replaced the punch card voting system with an optical scan voting system that allows voters a second chance before casting their ballot to make sure their vote can be read by the scanner. Then, in response to a lawsuit on behalf of voters with disabilities, the District of Columbia authorized funding to purchase one accessible electronic voting machine for each polling place. In the January 13, 2004 Presidential Preference Primary, the BOEE, for the first time, introduced the dual voting system that combined optical scan and electronic voting machines to District of Columbia voters. On the heels of the BOEE’s decision to change to a new voting system, Congress passed the Help America Vote Act of 2002 (HAVA), which established new federal requirements for voting technology and election administration and authorized federal funds to help states meet the new requirements.

C.2.2 Since the implementation of the voting system in 2004, there have been many new innovations and technological advancements in the field of elections. The Board’s Optech Eagle IIP scan voting machines has mature technology that has been used in elections for 20 years. The AVC Edge I, the first generation DRE, has also been enhanced to allow voters with accessibility challenges to cast ballots privately and independently through a variety of methods. The system has already reached the end of its life cycle and both the BOEE and the Council of the District of Columbia believe that it is time to move toward the next generation of voting technology. In 2009, the Council adopted legislation that requires the BOEE to make all 294 ballot types in the District available to voters at satellite early voting locations and to implement a voter-verifiable record of all ballots cast.

C.2.3 After reviewing the different types of voting systems on the market, the BOEE believes that it is prudent and more cost effective to procure a complete voting system, associated software and other peripheral equipment to be used by all voters and accessible to voters with physical, vision and literacy challenges.

C.3 REQUIREMENTS

C.3.1 Certification of the System

All equipment and software procured by the BOEE must meet Title III requirements of the Help America Vote Act of 2002.

SECTION L: INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS

L.1 CONTRACT AWARD

L.1.1 Most Advantageous to the District

The District intends to award a single contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the District, cost or price, technical and other factors, specified elsewhere in this solicitation considered.

L.1.2 Initial Offers

The District may award a contract on the basis of initial offers received, without discussion. Therefore, each initial offer should contain the offeror's best terms from a standpoint of cost or price, technical and other factors.

L.2 PROPOSAL FORM, ORGANIZATION AND CONTENT

One original and 3 copies of the written proposals shall be submitted in two parts, titled "Technical Proposal" and "Price Proposal". Proposals shall be typewritten in 12 point font size on 8.5" by 11" bond paper. Telephonic, telegraphic, and facsimile proposals will not be accepted. Each proposal shall be submitted in a sealed envelope conspicuously marked: **"Proposal in Response to Solicitation No. DCTO-2010-R-0016 – Voting Equipment."**

Offerors are directed to the specific proposal evaluation criteria found in Section M of this solicitation, Evaluation Factors. The offeror shall respond to each factor in a way that will allow the District to evaluate the offeror's response. The offeror shall submit information in a clear, concise, factual and logical manner providing a comprehensive description of program services and service delivery. The information requested below for the technical proposal shall facilitate evaluation and source selection for all proposals. The technical proposal must contain sufficient detail to provide a clear and concise representation of the requirements in the statement of work (Section C).

L.3 PROPOSAL SUBMISSION DATE AND TIME, AND LATE SUBMISSIONS, LATE MODIFICATIONS, WITHDRAWAL OR MODIFICATION OF PROPOSALS AND LATE PROPOSALS

L.3.1 Proposal Submission

Proposals must be submitted no later than **2:00 P.M. local time, January 4, 2010**. Proposals, modifications to proposals, or requests for withdrawals that are received in the designated District office after the exact local time specified above, are "late" and shall be considered only if they are received before the award is made and one (1) or more of the following circumstances apply:

- (a) The proposal or modification was sent by registered or certified mail not later than the fifth (5th) day before the date specified for receipt of offers;

- (b) The proposal or modification was sent by mail and it is determined by the Contracting Officer that the late receipt at the location specified in the solicitation was caused by mishandling by the District, or
- (c) The proposal is the only proposal received.

L.3.2 Withdrawal or Modification of Proposals

An offeror may modify or withdraw its proposal upon written, telegraphic notice, or facsimile transmission if received at the location designated in the solicitation for submission of proposals, but not later than the closing date for receipt of proposals.

L.3.3 Postmarks

The only acceptable evidence to establish the date of a late proposal, late modification or late withdrawal sent either by registered or certified mail shall be a U.S. or Canadian Postal Service postmark on the wrapper or on the original receipt from the U.S. or Canadian Postal Service. If neither postmark shows a legible date, the proposal, modification or request for withdrawal shall be deemed to have been mailed late. When the postmark shows the date but not the hour, the time is presumed to be the last minute of the date shown. If no date is shown on the postmark, the proposal shall be considered late unless the offeror can furnish evidence from the postal authorities of timely mailing.

L.3.4 Late Modifications

A late modification of a successful proposal, which makes its terms more favorable to the District, shall be considered at any time it is received and may be accepted.

L.3.5 Late Proposals

A late proposal, late modification or late request for withdrawal of an offer that is not considered shall be held unopened, unless opened for identification, until after award and then retained with unsuccessful offers resulting from this solicitation.

L.4 EXPLANATION TO PROSPECTIVE OFFERORS

If a prospective offeror has any questions relative to this solicitation, the prospective offeror shall submit the question in writing to the contact person, identified on page one. The prospective offeror shall submit questions no later than 5 days prior to the closing date and time indicated for this solicitation. The District will not consider any questions received less than 10 days before the date set for submission of proposals. The District will furnish responses promptly to all other prospective offerors. An amendment to the solicitation will be issued if that information is necessary in submitting offers, or if the lack of it would be prejudicial to any other prospective offerors. Oral explanations or instructions given before the award of the contract will not be binding.

L.5 FAILURE TO SUBMIT OFFERS

Recipients of this solicitation not responding with an offer should not return this solicitation. Instead, they should advise the Contracting Officer, John P. Varghese, Office of Contracting and Procurement, IT Group 441 4th Street, Suite 700S, Washington, D.C. 20004, (202) 727-5274, by letter or postcard whether they want to receive future solicitations for similar requirements. It is also requested that such recipients advise the Contracting Officer, Office of Contracting and Procurement of the reason for not submitting a proposal in response to this solicitation. If a recipient does not submit an offer and does not notify the Contracting Officer, Office of Contracting and Procurement that future solicitations are desired, the recipient's name may be removed from the applicable mailing list.

L.6 RESTRICTION ON DISCLOSURE AND USE OF DATA

L.6.1 Offerors who include in their proposal data that they do not want disclosed to the public or used by the District except for use in the procurement process shall mark the title page with the following legend:

"This proposal includes data that shall not be disclosed outside the District and shall not be duplicated, used or disclosed in whole or in part for any purpose except for use in the procurement process.

If, however, a contract is awarded to this offeror as a result of or in connection with the submission of this data, the District will have the right to duplicate, use, or disclose the data to the extent consistent with the District's needs in the procurement process. This restriction does not limit the District's rights to use, without restriction, information contained in this proposal if it is obtained from another source. The data subject to this restriction are contained in sheets (insert page numbers or other identification of sheets)."

L.6.2 Mark each sheet of data it wishes to restrict with the following legend:

"Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal."

L.7 PROPOSAL PROTESTS

Any actual or prospective offeror or contractor, who is aggrieved in connection with the solicitation or award of a contract, must file with the D.C. Contract Appeals Board (Board) a protest no later than 10 business days after the basis of protest is known or should have been known, whichever is earlier. A protest based on alleged improprieties in a solicitation which are apparent at the time set for receipt of initial proposals shall be filed with the Board prior to the time set for receipt of initial proposals. In procurements in which proposals are requested, alleged improprieties which do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested no later than the next closing time for receipt of proposals following the incorporation. The protest shall be filed in writing, with the Contract Appeals Board, 717 14th Street, N.W., Suite 430, Washington, D.C. 20004. The aggrieved person shall also mail a copy of the protest to the Contracting Officer for the solicitation.

L.8 SIGNING OF OFFERS

The offeror shall sign the offer and print or type its name on the Solicitation, Offer and Award form of this solicitation. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the Contracting Officer.

L.9 UNNECESSARILY ELABORATE PROPOSALS

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the offeror's lack of cost consciousness. Elaborate artwork, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor desired.

L.10 RETENTION OF PROPOSALS

All proposal documents will be the property of the District and retained by the District, and therefore will not be returned to the offerors.

L.11 PROPOSAL COSTS

The District is not liable for any costs incurred by the offerors in submitting proposals in response to this solicitation.

L.12 ELECTRONIC COPY OF PROPOSALS FOR FREEDOM OF INFORMATION ACT REQUESTS

In addition to other proposal submission requirements, the offeror must submit an electronic copy of its proposal, redacted in accordance with any applicable exemptions from disclosure in D.C. Official Code § 2-534, in order for the District to comply with Section 2-536(b) that requires the District to make available electronically copies of records that must be made public. The District's policy is to release documents relating to District proposals, subject to applicable FOIA exemption under Section 2-534(a)(1).

L.13 CERTIFICATE OF INSURANCE

The Contractor shall submit certificates of insurance giving evidence of the required coverages as specified in Section I.8 prior to commencing work. Evidence of insurance shall be submitted within ten (10) days of contract award to:

John P Varghese, Contracting Officer
Office of Contracting and Procurement
441 4th Street, NW, Suite 700S
Washington, DC 20001
Telephone: (202) 724-3959
John.varghese@dc.gov

L.14 ACKNOWLEDGMENT OF AMENDMENTS

The offeror shall acknowledge receipt of any amendment to this solicitation (a) by signing and returning the amendment; (b) by identifying the amendment number and date in the space provided for this purpose in Section A, Solicitation, Offer and Award form; or (c) by letter or telegram including mailgrams. The District must receive the acknowledgment by the date and time specified for receipt of offers. Offerors' failure to acknowledge an amendment may result in rejection of the offer.

L.15 BEST AND FINAL OFFERS

If, subsequent to receiving original proposals, negotiations are conducted, all offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. Best and Final Offers will be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provision of the solicitation. After receipt of best and final offers, no discussions will be reopened unless the Contracting Officer determines that it is clearly in the District's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify Contractor selection and award based on the best and final offers received. If discussions are reopened, the Contracting Officer shall issue an additional request for best and final offers to all offerors still within the competitive range.

L.16 LEGAL STATUS OF OFFEROR

Each proposal must provide the following information:

- L.16.1** Name, Address, Telephone Number, Federal tax identification number and DUNS Number of offeror;
- L.16.2** A copy of each District of Columbia license, registration or certification that the offeror is required by law to obtain. This mandate also requires the offeror to provide a copy of the executed "Clean Hands Certification" that is referenced in D.C. Official Code §47-2862 (2001), if the offeror is required by law to make such certification. If the offeror is a corporation or partnership and does not provide a copy of its license, registration or certification to transact business in the District of Columbia, the offer shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and
- L.16.3** If the offeror is a partnership or joint venture, the names and addresses of the general partners or individual members of the joint venture, and copies of any joint venture or teaming agreements.

L.17 FAMILIARIZATION WITH CONDITIONS

Offerors shall thoroughly familiarize themselves with the terms and conditions of this solicitation, acquainting themselves with all available information regarding difficulties, which may be encountered, and the conditions under which the work is to be accomplished. Contractors will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

L.18 STANDARDS OF RESPONSIBILITY

The prospective contractor must demonstrate to the satisfaction of the District the capability in all respects to perform fully the contract requirements, therefore, the prospective contractor must submit the documentation listed below, within five (5) days of the request by the District.

L.18.1 Evidence of adequate financial resources, credit or the ability to obtain such resources as required during the performance of the contract.

L.18.2 Evidence of the ability to comply with the required or proposed delivery or performance schedule, taking into consideration all existing commercial and governmental business commitments.

L.18.3 Evidence of the necessary organization, experience, accounting and operational control, technical skills or the ability to obtain them.

L.18.4 Evidence of compliance with the applicable District licensing and tax laws and regulations.

L.18.5 Evidence of a satisfactory performance record, record of integrity and business ethics.

L.18.6 Evidence of the necessary production, construction and technical equipment and facilities or the ability to obtain them.

L.18.7 Evidence of other qualifications and eligibility criteria necessary to receive an award under applicable laws and regulations

L.18.8 If the prospective contractor fails to supply the information requested, the Contracting Officer shall make the determination of responsibility or nonresponsibility based upon available information. If the available information is insufficient to make a determination of responsibility, the Contracting Officer shall determine the prospective contractor to be nonresponsible.

L.19 PROPOSALS WITH OPTION YEARS

The offeror shall include option years prices in its price/cost proposal. An offer may be determined to be unacceptable if it fails to include option year pricing.

L.20 PRE-PROPOSAL CONFERENCE (MANDATORY)

A mandatory pre-proposal conference will be held at 1:00 p.m. on **December 21, 2009**, at 441 4th Street, N.W., Old Council Chambers, Washington, D.C. 20001. Prospective offerors will be given an opportunity to ask questions regarding this solicitation at the conference. The purpose of the conference is to provide a structured and formal opportunity for the District to accept questions from offerors on the solicitation document as well as to clarify the contents of the solicitation. Attending offerors must complete the pre-proposal conference Attendance Roster at the conference so that their attendance can be properly recorded.

Impromptu questions will be permitted and spontaneous answers will be provided at the District discretion. Verbal answers given at the pre-proposal conference are only intended for general discussion and do not represent the Department's final position. All oral questions must be submitted in writing following the close of the pre-proposal conference but no later than five working days after the pre-proposal conference in order to generate an official answer. Official answers will be provided in writing to all prospective offerors who are listed on the official offerors' list as having received a copy of the solicitation. Answers will be posted on the OCP website at <http://ocp.dc.gov/ocp/site/default.asp>.

SECTION M - EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

Each Offeror will be evaluated on its performance under existing and prior contracts for similar services. Performance information will be used for both responsibility determinations and as evaluation factor. The District reserves the right to use past performance information obtained not only from sources identified by the Offeror, but from customers known to the District, consumer protection organizations, and others who may have useful and relevant information.

M.2 TECHNICAL RATING

The Technical Rating Scale is as follows:

| <u>Numeric Rating</u> | <u>Adjective</u> | <u>Description</u> |
|------------------------------|-------------------------|---|
| 0 | Unacceptable | Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor. |
| 1 | Poor | Marginally meets minimum requirements; major deficiencies which may be correctable. |
| 2 | Minimally Acceptable | Marginally meets minimum requirements; minor deficiencies which may be correctable. |
| 3 | Acceptable | Meets requirements; no deficiencies. |
| 4 | Good | Meets requirements and exceeds some requirements; no deficiencies. |
| 5 | Excellent | Exceeds most, if not all requirements; no deficiencies. |

For example, if a sub factor has a point evaluation of 0 to 6 points, and (using the Technical Rating Scale) the District evaluates as "good" the part of the proposal applicable to the sub factor, the score for the sub factor is 4.8 (4/5 of 6). The sub factor scores will be added together to determine the score for the factor level.

M. 3 EVALUATION CRITERIA

Proposals will be evaluated based on the following technical evaluation factors listed in descending order of importance. Each of the following evaluation factors listed below will be used by the District in evaluation the services proposed by the Offeror under this solicitation. The Offeror should respond to each factor and significant sub factors in a way that will allow the District to evaluate the Offeror's response. The scoring for each valuation factor will be based on the District's determination of the degree to which the Offeror satisfies the requirements within the evaluation factor and significant sub factor.

M.3.1 TECHNICAL CRITERIA (Equipment 35 points)

M.3.1.1 Certification 3.0 points

Voting systems that have obtained certification from the Election Assistance Commission to the 2002 Voluntary Voting Systems or later will receive full credit under this category. Equipment that was certified by the National Association of State Election Directors under the 2002 standards as issued by the Federal Election Commission will receive 2 points. No credit will be awarded for certification to the 1990 Voluntary Voting Systems guidelines.

M.3.1.2 Usability 3.0 points

Usability will be evaluated according to the level of anticipated difficulty that operators of the system will encounter. Systems that operate in an intuitive, user-friendly manner and that require less training to operate will receive the highest grading in this category. Usability will be graded from the perspective of the employee responsible for day-to-day programming, administration and maintenance of the equipment. Usability from the perspective of the voter is not included in this category except as a reflection of the corresponding level of difficulty anticipated in training and educating voters in the use of the system.

M.3.1.3 Machine Auditability 1.0 points

Proposals will be graded according to the ease of extracting and using data for audit purposes. Vendors shall provide a description and documentation of the features that allow for post-election audit as required by District law.

M.3.1.4 Accessibility 1.5 points

The contractor's proposed voting equipment will be easily accessible to the ADA population. Contractors shall provide descriptions and documentation of the features that assure accessibility. Proposals will be evaluated according to usability for voters with disabilities.

M.3.1.5 Training

2.5 points

Contractors will be evaluated according to the comprehensiveness and quality of assistance that the contractor promises to provide. Proposals submitted with samples of high quality materials and manuals will be given greater weight than the proposals submitted without materials. Materials intended for poll workers and voters will be given less weight than those intended for day-to-day use by election staff.

M.3.1.6 Implementation/Timeline

6.0 points

Contractors will be held responsible for meeting the timeline set forth in their proposal and will be considered in forfeit of their contract terms for a failure to meet the timetable proposed. Therefore the highest priority in any proposal should be ensuring that any timeframe is realistic and will be met. Proposals that anticipate the earliest date for delivery of all equipment, documentation and training support will receive the highest point score. Additionally, proposals will be rated on how comprehensively they document the timing of all steps and forms of support envisioned in the proposal.

M.3.1.7 Issue Resolutions

4.0 points

Contractors will be evaluated based on the capability of the contractor to provide both pre- and post-, as well as Election Day support to the District. More weight will be given to the vendors who can provide greater on-site technical support during the implementation phase of the contract. Some of the responsibilities for technical support include, but are not limited to, immediate communication access, incident trouble-shooting, and availability of sufficient supplies of spare parts. The contractor shall be able to provide on-site support to resolve issues during pre-election programming, ballot setup, post-election auditing, and associated technical training during the contract period.

M.3.1.8 Maintenance / ongoing support

2.0 points

Proposals will be rated on two factors: (1) the extent of the services that the District of Columbia will receive, on an on-going basis, for its license fees and/or other ongoing amounts paid to the vendor for services provided and (2) the burden on the District of Columbia for ongoing maintenance and support of the voting system not paid for or included in this bid.

M.3.1.9 Machine maintenance history

4.5 points

Proposals will be judged according to the demonstrated performance record of the voting systems being offered. Contractors are required to provide aggregate statistical data on the complete service record of voting systems similar to those being offered to the District of Columbia from the three jurisdictions with the highest number of voters who cast ballots in the November 2008 election. These statistics shall include, to the greatest extent possible, all hardware and software failures, the reasons for the number of machines returned to the vendor for servicing and the number of failures on Election Day.

M.3.1.10 System Performance

1.5 points

Contractors are required to provide evidence of their ability to track the custody and service records for each piece of hardware offered to the District of Columbia. Contractors offering unused equipment will receive 1.5 points. Contractors offering used or refurbished equipment will be awarded up to 1.5 points based on the comprehensiveness of the data they can provide.

M.3.1.11 Transport / storage requirements

1.5 points

Contractors shall disclose the size, weight, climate control requirements, electrical power requirements, and any other maintenance or security requirements that would affect the storage, handling and transportation of voting equipment. Proposals will be graded accordingly if the District determines that additional expenses for Election Day transportation and general storage will be incurred with the purchase/lease of the equipment.

M.3.1.12 Demonstrated System Security

4.5 points

Contractors are required to outline all known allegations of security vulnerabilities in the equipment and software that they are offering to the District of Columbia and to indicate the extent to which these vulnerabilities exist, have been eliminated or mitigated, or must be addressed through District of Columbia security procedures. Proposals will be graded according to the extent to which they satisfactorily address criticisms in the public domain and the cost or other burdens on the District of Columbia to mitigate those risks.

M.3.1.13 Contractor Stability – Financial Statements

20 points

The contractor must clearly demonstrate their financial capability to successfully complete the project deliverables and meet the long-term on-going District requirements for system support. The contractor's proposal must include the following items: Copies of the last three (3) yearend financial statements; Number of years the contractor has been in business; Number of years the contractor has provided voting systems; and contractor's available line of credit or Dunn & Bradstreet rating. Contractor must also submit a performance bond for the entire value of the initial contract.

M.3.1.14 Plan to provide the District of Columbia with 2005 VVSG Voting Equipment 10 points

The contractor shall provide a detailed explanation for the District of Columbia on their plans for equipment and software meeting the 2005 VVSG certification standards and how the contractor will credit the District when that equipment and software becomes available. ie: What percentage of the original purchase price will be returned to the District in the form of a credit against purchase of the new equipment & s/w.

M.3.2 PRICE CRITERIA (35 Points)

The price evaluation will be objective. The offeror with the lowest price will receive the maximum price points. All other proposals will receive a proportionately lower total score. The following formula will be used to determine each offeror's evaluated price score:

$$\frac{\text{Lowest price proposal} \times (35 \text{ Points}) \text{ weight}}{\text{price of proposal being}}$$

- PREFERENCE (12 Points)**
- Local Business Enterprise - 4 Points**
- Disadvantaged Business Enterprise – 3 Points**
- Resident Business Ownership – 3 Points**
- Enterprise Zone – 2 Points**

MAXIMUM TOTAL POINTS 100 + 12 = 100 Points

1. **OPEN MARKET SOLICITATION (SUPPLIES & SERVICES)**

M.1. Preferences for Certified Business Enterprises

Under the provisions of the “Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005”, as amended, D.C. Official Code § 2-218.01 *et seq.* (the Act), the District shall apply preferences in evaluating proposals from businesses that are small, local, disadvantaged, resident-owned, longtime resident, or local with a principal office located in an enterprise zone of the District of Columbia.

M.1.1 Subcontracting Requirements

If the prime contractor subcontracts any portion of the work under this contract, the prime contractor shall meet the following subcontracting requirements:

M.1.1.1 At least 35% of the dollar volume shall be subcontracted to certified small business enterprises; provided, however, that the costs of materials, goods and supplies shall not be counted towards the 35% subcontracting requirement unless such materials, goods and supplies are purchased from certified small business enterprises; or

M.1.1.2 If there are insufficient qualified small business enterprises to completely fulfill the requirement of paragraph M.1.1.1, then the subcontracting may be satisfied by subcontracting 35% of the dollar volume to any certified business enterprises; provided, however, that all reasonable efforts shall be made to ensure that qualified small business enterprises are significant participants in the overall subcontracting work.

M.1.2 Application of Preferences

For evaluation purposes, the allowable preferences under the Act for this procurement shall be applicable to prime contractors as follows:

M.1.2.1 Any prime contractor that is a small business enterprise (SBE) certified by the Department of Small and Local Business Development (DSLBD) will receive the addition of three points on a 100-point scale added to the overall score for proposals submitted by the SBE in response to this Request for Proposals (RFP).

M.1.2.2 Any prime contractor that is a resident-owned business (ROB) certified by DSLBD will receive the addition of five points on a 100-point scale added to the overall score for proposals submitted by the ROB in response to this RFP.

M.1.2.3 Any prime contractor that is a longtime resident business (LRB) certified by DSLBD will receive the addition of ten points on a 100-point scale added to the overall score for proposals submitted by the LRB in response to this RFP.

M.1.2.4 Any prime contractor that is a local business enterprise (LBE) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score for proposals submitted by the LBE in response to this RFP.

M.1.2.5 Any prime contractor that is a local business enterprise with its principal offices locates in an enterprise zone (DZE) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score for proposals submitted by the DZE in response to this RFP.

M.1.2.6 Any prime contractor that is a disadvantaged business enterprise (DBE) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score for proposals submitted by the DBE in response to this RFP.

M.1.3 Maximum Preference Awarded

Notwithstanding the availability of the preceding preferences, the maximum total preference to which a certified business enterprise is entitled under the Act for this procurement is the equivalent of twelve (12) points on a 100-point scale for proposals submitted in response to this RFP.
