The Contractor agrees not to assert any rights in common law or in equity in such data. The Contractor shall not publish or reproduce such data in whole or in part or in any manner or form, or authorize others to do so, without written consent of the District until such time as the District may have released such data to the public. The District shall not unreasonably withhold consent to the Contractor's request to publish or reproduce data in professional and scientific publications.
- I.12.6** The District shall have restricted rights in data, including computer software and all accompanying documentation, manuals and instructional materials, listed or described in a license or agreement made a part of this Contract, which the parties have agreed shall be furnished with restricted rights, provided however, notwithstanding any contrary provision in any such license or agreement, such restricted rights shall include, as a minimum the right to:
- I.12.6.1** Use the computer software and all accompanying documentation and manuals or instructional materials with the computer for which or with which it was acquired, including use at any District installation to which the computer may be transferred by the District;
- I.12.6.2** Use the computer software and all accompanying documentation and manuals or instructional materials with a backup computer if the computer for which or with which it was acquired is inoperative;
- I.12.6.3** Copy computer programs for safekeeping (archives) or backup purposes; and
- I.12.6.4** Modify the computer software and all accompanying documentation and manuals or instructional materials, or combine it with other software,

subject to the provision that the modified portions shall remain subject to these restrictions.

I.12.7 The restricted rights set forth in Section I.12.6 are of no effect unless:

- i) The data is marked by the Contractor with the following legend:

RESTRICTED RIGHTS LEGEND

Use, duplication, or disclosure is subject to restrictions stated in Contract No. _____ With _____ (Contractor's Name); and

- ii) If the data is computer software, the related computer software documentation includes a prominent statement of the restrictions applicable to the computer software. The Contractor may not place any legend on the computer software indicating restrictions on the District's rights in such software unless the restrictions are set forth in a license or agreement made a part of the Contract prior to the delivery date of the software. Failure of the Contractor to apply a restricted rights legend to such computer software shall relieve the District of liability with respect to such unmarked software.

I.12.8 In addition to the rights granted in Section I.12.9 below, the Contractor hereby grants to the District a nonexclusive, paid-up license throughout the world, of the same scope as restricted rights set forth in Section I.12.9 below, under any copyright owned by the Contractor, in any work of authorship prepared for or acquired by the District under this Contract. Unless written approval of the Contracting Officer is obtained, the Contractor shall not include in technical data or computer software prepared for or acquired by the District under this Contract any works of authorship in which copyright is not owned by the Contractor without acquiring for the District any rights necessary to perfect a copyright license of the scope specified in this paragraph.

I.12.9 Whenever any data, including computer software, are to be obtained from a subcontractor under this Contract, the Contractor shall use Section I.12.5 in the subcontract, without alteration and no other clause shall be used to enlarge or diminish the District's or the Contractor's rights in that subcontractor data or computer software which is required for the District.

I.12.10 For all computer software furnished to the District with the rights specified in Section I.12.5, the Contractor shall furnish to the District a copy of the source code with such rights of the scope specified in Section I.12.5. For all computer software furnished to the District with the restricted rights specified in Section I.12.6, the District, if the Contractor, either directly or through a successor or affiliate shall cease to provide the maintenance or warranty services provided the District under this Contract or any paid-up maintenance agreement, or if Contractor should be declared bankrupt or insolvent by the court if competent jurisdiction, shall have the right to obtain, for its own and sole use only, a single copy of the then current version of the source code supplied under this Contract

and a single copy of the documentation associated therewith, upon payment to the person in control of the sources code the reasonable cost of making each copy.

I.12.11 The Contractor shall indemnify and save and hold harmless the District, its officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses for the following:

I.12.11.1 Violation of proprietary rights, copyrights, or rights of privacy, arising out of the publication, translation, reproduction, delivery, performance, use or disposition of any data furnished under this Contract; or

I.12.11.2 Based upon any data furnished under this Contract, or based upon libelous or other unlawful matter contained in such data.

I.12.12 Nothing contained in this clause shall imply a license to the District under any patent, or be construed as affecting the scope of any license or other right otherwise granted to the District under any patent.

I.12.13 Sections I.12.6, I.12.7, I.12.8, I.12.11 and I.12.12 in this clause are not applicable to material furnished to the Contractor by the District and incorporated in the work furnished under Contract, provided that such incorporated material is identified by the Contractor at the time of delivery of such work.

I.13 SUSPENSION OF WORK

I.13.1 The Director, Contracts and Procurement/Agency Chief Contracting Officer (ACCO) may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this Contract for the period of time that the Cluster Health Services, Chief Contracting Officer determines appropriate for the convenience of the District. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Cluster Health Services, Chief Contracting Officer in the administration of this Contract, or by the Cluster Health Services, Chief Contracting Officer's failure to act within the time specified in this Contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption and the Contract modified in writing accordingly.

I.13.2 No adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Contract.

I.13.3 A claim under this clause shall not be allowed for any costs incurred more than twenty (20) days before the Contractor shall have notified the Cluster Health Services, Chief Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the Contract.

I.14 ORDER OF PRECEDENCE

A conflict in language or any other inconsistencies in this Contract shall be resolved by giving precedence to the document in the highest order of priority which contains language addressing the issue in question. The following sets forth in descending order of precedence, documents that are hereby incorporated into this Contract by reference and made part of the Contract:

L.7 RESTRICTION ON DISCLOSURE AND USE OF DATA

L.7.1 Offerors who include in their proposal data that they do not want disclosed to the public or used by the District except for use in the procurement process shall mark the title page with the following legend:

“This Proposal includes data that shall not be disclosed outside the District and shall not be duplicated, used or disclosed in whole or in part for any purpose except for use in the procurement process.

If, however, a contract is awarded to this Offeror as a result of or in connection with the submission of this data, the District shall have the right to duplicate, use, or disclose the data to the extent consistent with the District’s needs in the procurement process. This restriction does not limit the District’s rights to use, without restriction, information contained in this Proposal if it is obtained from another source. The data subject to this restriction are contained in sheets (insert page numbers or other identification of sheets).”

L.7.2 Mark each sheet of data it wishes to restrict with the following legend:

“Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this Proposal.”

L.8 PROPOSALS WITH OPTION YEARS

The Offeror shall include Option Year prices in its price/cost Proposal. An offer may be determined to be unacceptable if it fails to include pricing for the Option Year(s).

L.9 PROPOSAL PROTESTS

Any actual or prospective Offeror or Contractor, who is aggrieved in connection with the solicitation or award of a contract, must file with the D.C. Contract Appeals Board (Board) a protest no later than ten (10) business days after the basis of protest is known or should have been known, whichever is earlier. A protest based on alleged improprieties in a solicitation which are apparent at the time set for receipt of initial Proposals shall be filed with the Board prior to the time set for receipt of initial Proposals. In procurements in which Proposals are requested, alleged improprieties which do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested no later than the next closing time for receipt of Proposals following the incorporation. The protest shall be filed in writing, with the Contract Appeals Board, 441 4th Street, NW, Suite 350N, Washington, DC 20001. The aggrieved person shall also mail a copy of the protest to the Cluster Health Services, Chief Contracting Officer for the solicitation.

L.10 ACKNOWLEDGMENT OF AMENDMENTS

The Offeror shall acknowledge receipt of any amendment to this solicitation. The District must receive the acknowledgment by the date and time specified for receipt of

proposals. An Offeror's failure to acknowledge an amendment may result in rejection of its offer.

L.11 LEGAL STATUS OF OFFEROR

Each proposal must provide the following information:

L.11.1 Name, address, telephone number and federal tax identification number of Offeror;

L.11.2 A copy of each District of Columbia license, registration or certification that the Offeror is required by law to obtain. This mandate also requires the Offeror to provide a copy of the executed "Clean Hands Certification" that is referenced in D.C. Official Code §47-2862, if the Offeror is required by law to make such certification. If the Offeror is a corporation or partnership and does not provide a copy of its license, registration or certification to transact business in the District of Columbia, the offer shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and

L.11.3 If the Offeror is a partnership or joint venture, the names and addresses of the general partners or individual members of the joint venture and copies of any joint venture or teaming agreements.

L.12 UNNECESSARILY ELABORATE PROPOSALS

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the Offeror's lack of cost consciousness. Elaborate artwork, expensive visual and other presentation aids are neither necessary nor desired. The Technical Proposal shall be submitted not to exceed the maximum of fifteen (15) pages.

L.13 BEST AND FINAL OFFERS

If, subsequent to receiving original proposals, negotiations are conducted, all Offerors within the competitive range shall be so notified and shall be provided an opportunity to submit written best and final offers at the designated date and time. Best and final offers shall be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provisions of the solicitation. After receipt of best and final offers, no discussions shall be reopened unless the CO determines that it is clearly in the District's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify contractor selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all Offerors still within the competitive range.

L.14 RETENTION OF PROPOSALS

All Proposal documents shall be the property of the District and retained by the District and therefore shall not be returned to the Offerors.

L.15 PROPOSAL COSTS

If the available information is insufficient to make a determination of responsibility, the CO shall determine the prospective contractor to be nonresponsible.

SECTION M EVALUATION FACTORS FOR AWARD

M.1 EVALUATION FOR AWARD

The contract shall be awarded to the responsible Offeror(s) whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores shall not necessarily be determinative of the award. Rather, the total scores shall guide the District in making an intelligent award decision based upon the evaluation criteria.

M.2 TECHNICAL RATING

M.2.1 The Technical Rating Scale is as follows:

Numeric Rating	Adjective	Description
5	Excellent	Exceeds most, if not all requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
3	Acceptable	Meets requirements; no deficiencies.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.

M.2.2 The Technical Rating is a weighting mechanism that shall be applied to the point value for each evaluation factor to determine the Offeror's score for each factor. The Offeror's total technical score shall be determined by adding the Offeror's score in each evaluation factor. For example, if an Evaluation Factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the Offeror's response as "Good," then the score for that Evaluation Factor is 4/5 of 40 or 32.

If sub-factors are applied, the Offeror's total technical score shall be determined by adding the Offeror's score for each sub-factor.
