- L.2.5** The bidder must bid on all CLINs to be considered for this award. Failure to bid on all CLINs in section B.3 will render the bid non-responsive and disqualify a bid.
- L.2.6** The bidder must submit descriptive literature with its bid as outlined in section L.20.

L.3 FAMILIARIZATION WITH CONDITIONS

Bidders shall thoroughly familiarize themselves with the terms and conditions of this solicitation, acquainting themselves with all available information regarding difficulties which may be encountered and the conditions under which the work is to be accomplished. Bidders will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

L.4 BID SUBMISSION DATE AND TIME

Bids must be submitted no later than **2:00 pm** local time on **Tuesday, July 13, 2010** as specified in Section A.9.

L.5 WITHDRAWAL OR MODIFICATION OF BIDS

L.6 LATE SUBMISSIONS, LATE MODIFICATIONS, AND LATE WITHDRAWALS

L.6.1 Bids, modifications to bids, or requests for withdrawals that are received in the designated District office after the exact local time specified above, are “late” and shall be considered only if they are received before the award is made and one (1) or more of the following circumstances apply:

- a. The bid or modification was sent by registered or certified mail no later than the fifth (5th) day before the date specified for receipt of bids; or
- b. The bid or modification was sent by mail and it is determined by the CO that the late receipt at the location specified in the solicitation was caused by mishandling by the District after receipt.

L.6.2 Postmarks

The only acceptable evidence to establish the date of a late bid, late modification or late withdrawal sent either by registered or certified mail shall be a U.S. or Canadian Postal Service postmark on the wrapper or on the original receipt from the U.S. or Canadian Postal Service. If neither postmark shows a legible date, the bid, modification or withdrawal shall be deemed to have been mailed late. When the postmark shows the date but not the hour, the time is presumed to be the last minute of the date shown. If no date is shown on the postmark, the bid shall be considered late unless the bidder can furnish evidence from the postal authorities of timely mailing.

L.6.3 Late Submissions

A late bid, late request for modification or late request for withdrawal shall not be considered, except as provided in this section.

L.6.4 Late Modifications

A late modification of a successful bid which makes its terms more favorable to the District will be considered at any time it is received and may be accepted.

The prospective bidder shall submit questions no later than **10** days prior to the closing date and time indicated for this solicitation. The District will not consider any questions received less than **10** days before the date set for submission of bids. The District will furnish responses promptly to all prospective bidders. An amendment to the solicitation will be issued, if that information is necessary in submitting bids, or if the lack of it would be prejudicial to any prospective bidders. Oral explanations or instructions given before the award of the contract will not be binding.

L.10 FAILURE TO SUBMIT BIDS

Instead, they should advise the CO, Office of Contracting and Procurement, Transportation and Specialty Equipment Commodity Group, 2000 14th Street, NW, 6th Floor, Washington, DC 20009, 202-671-2200, by letter or postcard whether they want to receive future solicitations for similar requirements. Each bid must show a full business address and telephone number of the bidder and be signed by the person or persons legally authorized to sign contracts. Erasures or other changes must be initialed by the person signing the bid. Bids signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the Contracting Officer.

L.14 BIDS WITH OPTION YEARS

The bidder shall include option year prices in its bid. A bid may be determined to be nonresponsive if it does not include option year pricing.

L.15 LEGAL STATUS OF BIDDER

Each bid must provide the following information:

If the bidder is a corporation or partnership and does not provide a copy of its license, registration or certification to transact business in the District of Columbia, the bid shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and

L. 19 BRAND NAME OR EQUAL

- L.19.2** As used in this clause, the term “brand name” includes identification of products by make and model.
- L.19.3** If items called for by this IFB have been identified in the schedule by a “brand name or equal” description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products that will be satisfactory. Bids offering “equal” products will be considered for award if such products are clearly identified in the bids and are determined by the District to be equal in all material respects to the brand name products referenced in the IFB.
- L.19.4** Unless the bidder clearly indicates in his bid that he is offering an “equal” product, his bid shall be considered as offering a brand name product referenced in the IFB.
- L.19.5** If the bidder proposes to furnish an “equal” product, the brand name, if any, of the product to be furnished shall be inserted in the space provided in the IFB, or such product shall be otherwise clearly identified in the bid.
- L.19.6** The evaluation of bids and the determination as to equality of the product offered shall be the responsibility of the District and will be based on information furnished by the bidder or identified in his bid as well as other information reasonably available to the purchasing authority. **CAUTION TO BIDDERS:** The District is not responsible for locating or securing any information which is not identified in the bid and not reasonably available to the District.
- L.19.7** Accordingly, to insure that sufficient information is available, the bidder must furnish as a part of his bid all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the District to (i) determine the product offered meets the requirements of the IFB, and (ii) establish exactly what the bidder proposes to furnish and what the District would be binding itself to purchasing by making an award. The information furnished may include

specific reference to information previously furnished or to information otherwise available to the District.

L.19.8 If the bidder proposes to modify a product so as to make it conform to the requirements of the IFB, it shall (i) include in its bid a clear description of such proposed modifications, and (ii) clearly mark any descriptive material to show the proposed modifications.

L.19.9 Modifications proposed after bid opening to make a product conform to a brand name product referenced in the IFB will not be considered.

L. 20 REQUIREMENT FOR DESCRIPTIVE LITERATURE

L.20.1 Descriptive literature must be furnished as a part of a bid and must be received before the time set for opening bids. The literature furnished must be identified to show the items in the bid to which it pertains. The descriptive literature is required to establish, for the purpose of bid evaluation and award, details of the products the bidder proposes to furnish as to design, material, quality, construction and performance characteristics.

L.20.2 Failure of descriptive literature to show that the product offered conforms to the specifications and other requirements of this invitation for bids may require rejection of the bid. Failure to furnish the descriptive literature by the time and date set for receipt of bids will require rejection of the bid, except that if the materials are transmitted by mail and received late, it may be considered under the provision for considering late bids, as set forth elsewhere in this invitation for bids. The Contracting Officer may waive the requirement for furnishing descriptive literature if either of the following occurs:

- A. Bidder states in the bid that the product being offered is the same as a product previously or currently being furnished to the District; or
- B. The CO, on advice of technical personnel determines that the product offered by the bidder complies with the specification requirements of the current invitation for bids.

Under the provisions of the “Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005”, as amended, D.C. M.1.2 Maximum Preference Awarded

Notwithstanding the availability of the preceding preferences, the maximum total preference to which a certified business enterprise is entitled under the Act is twelve per cent (12%) for bids submitted in response to this IFB. There will be no preference awarded for subcontracting by the prime contractor with certified business enterprises.

When DSLBD certifies a joint venture, the certified joint venture will receive preferences as a prime contractor for categories in which the joint venture and the certified joint venture partner are certified, subject to the maximum preference limitation set forth in the preceding paragraph.

M.1.4 Verification of Bidder's Certification as a Certified Business Enterprise

M.1.4.1 Any vendor seeking to receive preferences on this solicitation must be certified at the time of submission of its bid. M.2 EVALUATION OF OPTION YEARS

The District will evaluate bids for award purposes by evaluating the total price for all options as well as the base year. Evaluation of options shall not obligate the District to exercise them.
