DCAM-2010-T-0012-002	January 25, 2010		High Density Mobile Filing Systems and Installation	

A. The response to offeror's written questions submitted regarding Request For Delivery Order Proposals No. DCAM-2010-T-0012 are hereby described:

1) **Question:** Can we use a combination of GSA and off GSA components if that will offer a better price?

Answer: This procurement is based on your current GSA Federal Supply Schedule (FSS), therefore, you must use your GSA Schedule contract.

2) **Question:** Are CBE points being used in this procurement?

Answer: Yes, CBE points will be applied to Contractors that are certified.

3) **Question:** Is the order going to be placed on GSA schedule, with GSA or are we just using the GSA pricing for the order?

Answer: The award will go to a Contractor that holds a GSA Schedule.

4) **Question:** Could you possibly confirm the overall footprint and/or the desired capacity for CLIN 001? The desired capacity of 5976 lineal filing inches in the given space could actually be achieved with all static shelving in a 30' space. I am wondering if there isn't an oversight within the system description in Section B.

Answer: The desired capacity can not be met with static shelving. As per the Solicitation, Department of Real Estate Services (DRES) is seeking High Density (HD) Mobile Filing Systems and Installation. HD is specified with good reason, and it is what DCRA is expecting. Imagine, or sketch, all of the shelves represented in the plan of the HD, and laying them out as if they were normal shelves. Note that the bookcases are limited to four shelves.
